Subject: RE: TRADEMARK CLAIMS: Notification of Trademark Infringement by Domain Name "petronastower.net"

Dear Perry Clark,

Although the domain PETRONASTOWER.NET is registered through our company, the domain is forwarding to a website that is hosted elsewhere. Any issues regarding the content of the website will need to be addressed to the owner of the site either directly, or to the hosting provider.

We can only process claims of trademark infringement against the content of websites that we host. ICANN, the managing body of internet, domain name registrars, specifically prohibits domain registrars from becoming involved in disputes over domain ownership in their Uniform Domain Name Dispute Resolution Policy. Any disputes over the ownership or wording of the domain name itself will need to be sent either to the owner, or through an arbitration forum, or the local court system.

Please feel free to contact us if we can provide further assistance.

Regards,
