-----BEGIN PGP SIGNED MESSAGE-----
Hash: SHA1
Dear Abuse Team,
MyCERT received a report from an organization regarding a domain registered under your administration that host a fake website of the original website which is can be found at www.petronas.com.
Domain: petronastower.net
URL : http://www.petronastower.net
IP : 64.202.189.170
Domain Name: PETRONASTOWER.NET
Registrar: GODADDY.COM, INC.
Whois Server: whois.godaddy.com
Referral URL: http://registrar.godaddy.com
Name Server: NS39.DOMAINCONTROL.COM
Name Server: NS40.DOMAINCONTROL.COM
Status: clientDeleteProhibited
Status: clientRenewProhibited
Status: clientTransferProhibited
Status: clientUpdateProhibited
Updated Date: 02-may-2009
Creation Date: 08-may-2003
Expiration Date: 08-may-2010
The domain is hosting pornographic web contents from http://www.camfunchat.com which can be used for fraudulent purposes and this can create a likelihood of confusion to their clients.
As of at this time, MyCERT has confirmed that the above disputed site is still active online. We would appreciate your assistance to investigate on the above site and to close the domain as soon as possible.
We appreaciate your prompt response.

Attention SOC,

We have been notified of a possible breach of security, please review the message we have forwarded to you from the complainant.

If, after investigating this situation, you determine that no action should be taken against this customer or you need more information please reply to this message and the Abuse Department will respond to the complainant (if necessary) or close out the issue.

If you determine that this situation merits a response from Go Daddy please take the appropriate course of action based on your SOP.

Thank you for investigating this complaint.

Sincerely,
