TradeIQ Fields and Definitions

As Seen in TradeIQ	Definition
Actual Arrival	Date when U.S. Customs noted a shipment arrived in the U.S.
Arrival	Date when U.S. Customs released the shipment data and the date by which TradeIQ searches Arrival.
Bill of Lading Carrier	Unique number that identifies each shipment. Standard Carrier Alpha Code (SCAC) for the Carrier sourced from the National Motor Freight Traffic Association, Inc.
Consignee	Name and address of the importer or company receiving the goods from the Shipper. Consignee information is provided by U.S. Customs for most shipments.
Container	Number that identifies the equipment in which the goods are shipped. 'NC' is listed for non-containerized shipments.
Container Type	Describes the equipment in which the goods are shipped.
Empty/Loaded	Indicates whether the Container is Empty or Loaded.
Estimated Arrival	Date the shipment was expected to arrive in the U.S.
FCL/LCL	Full Container Load or Less-than Container Load.
Foreign Port	Port of destination for InBond shipments that are re-exported to another country.
FROB	Freight Remaining on Board indicates there is cargo on the shipment that is not offloaded in the U.S.
House/Master	House indicates the shipment is a House Bill of Lading that lists the actual Shipper and Consignee. Master indicates the shipment is a Master Bill of Lading that corresponds to House Bill(s) of Lading and lists the transportation companies involved in the company fields.
InBond	Code representing the entry type for InBond shipments, which are allowed to move within the U.S. without paying taxes or duties and often held in bonded warehouses or at foreign trade zones until cleared through U.S. Customs or re-exported to another country.
Marks & Numbers	Description of markings on the outside of the packaging within the Container.
Master B/L	Master Bill of Lading number that corresponds to the House Bill of Lading it is listed on for Non-Vessel Operating Common Carrier (NVOCC) and Freight Forwarder shipments.
MC	Master Carrier, the Vessel Operating Common Carrier (VOCC), sourced from the Master Bill of Lading.
Measurement	A value representing a shipment's volume. The unit of measure is indicated in parenthesis following the Measurement (CM = Cubic Meters; CF = Cubic Feet).
Mode of Trans	Code indicating the type of Vessel used to carry the manifested cargo.
Notify	Name and address of another company that is involved with the shipping transaction. This company could be the Shipper, Consignee, transportation service provider, broker, banking institution, or party further down the supply chain.
Notify 2	Name and address of another company that is involved with the shipping transaction. This company could be the Shipper, Consignee, transportation service provider, broker, banking

PET GD002464

	institution, or party further down the supply chain.
Place Receipt	City and/or country in which the pre-carrier took possession of the goods. Typically indicates the origin of a shipment.
Port	The Port below the Shipper is the Intl Port, or the Port a shipment last left from before arriving in the U.S. The Port below the Consignee is the US Port, or the Port where a shipment arrived in the U.S.
Product Description	Description of the goods in a Container.
Qty	Quantity in a Container.
Quantity	A value representing the total number of pieces for all Containers in a shipment. The unit of measure is indicated in parenthesis following the Quantity (CTS = Cartons; DRM = Drums).
Shipper	Name and address of the exporter or seller of the goods. This company is shipping the goods to or through the U.S.
TEU	Twenty-foot Equivalent Unit. A 40-foot Container is two TEUs and a 20-foot Container is one TEU.
US Dist Port	Port where InBond shipments clear U.S. Customs.
Vessel	Name of the Vessel that carried the manifested cargo.
Vessel Code	Lloyds of London registry code representing the importing Vessel.
Voyage	Voyage number of the Vessel.
Weight	A value representing a shipment's Weight. The unit of measure is indicated in parenthesis following the Weight (KG = Kilograms; LB = Pounds).
