Poor Follow-up - Won't repair leaky roof

★ [D. Hester](#) [October 20, 2013](#)

Having had my roof re-roofed by **CalBay Construction** which is now **Castle Roofing & Construction**, and then finding that they did such a poor job and my roof leaked from the beginning of rains in 2008, they still have not repaired my roof and it still leaks after a year and a half. They say they will fix it but changing names from **Calbay Construction** to **Castle Roofing & Construction** should have tipped me off that I may never get my roof repaired. This company says it will fix my roof but all I get is excuses. After 18 months you would think they would fix it. **CalBay Construction** may no longer exist but the new company **Castle Roofing & Construction** as the new entity needs to come out and fix my roof. I find this to be totally unsatisfactory work and would not recommend this company (**Castle Roofing & Construction**) to anyone. They just do not know how to fix a bad roof job.
