11 On April 1, 2011, Kelora Systems, LLC v. Target Corporation,
12 Case No. C 11-1548 HRL, was transferred into this district from the
13 Western District of Wisconsin. Kelora involves claims of
14 infringement of U.S. Patent No. 6,275,821, which is at issue in
15 this case. The similarities between the cases suggest that
16 relating Kelora to Case No. C 10-4947 CW is appropriate. Civ. L.R.
17 3-12.

18 Within four days of the date of this Order, the parties may
19 file any response in opposition to or in support of relating Case
20 No. C 11-1548 HRL to Case No. C 10-1497 CW and assigning it to the
21 undersigned, the judge assigned to the earliest-filed case. If no
22 response is received, the case will be deemed related and the Clerk
23 will be directed to re-assign it.

24 IT IS SO ORDERED.
