The documents have been documents have been designated as confidential by the U.C. Defendants and/or by the Alameda County Sheriff’s Department Defendants. Their representatives have filed declarations in support of sealing the documents. With respect to documents (1)-(5), the declarations indicate that the documents provide information about “police strategy and tactics which, if it became publicly available, could assist individuals in circumventing legitimate police activity, resulting in, among other things, endangering police officers and civilians, and escalated police response, which itself could endanger police officers and civilians.” (Dkt. No. 294 at 3; *see also* Dkt. No. 295.) With respect to document (6) above, the declaration indicates that the document is treated as a confidential personnel record and maintained as confidential within UCPD and those conducting reviews of police activity that day.

The Court finds good cause to seal the documents in connection with this non-dispositive motion for leave to amend the complaint, based upon the declarations submitted.

The motion to seal is **GRANTED**. The documents are **ORDERED SEALED** for purposes of consideration of the motion in connection with which they were submitted *only*. Should any party wish to seal portions of the documents in connection with any later motion or trial, the party will need to make a sufficient showing at that time.

This Order terminates Docket No. 286.

IT IS SO ORDERED.
