for April 4, 2012 in 4:11-cv-6172 CW is continued to that date.
The parties shall meet and confer and file joint or separate case management conference statements, one week before the conference, proposing a schedule, or schedules, that is as consistent as feasible among the three cases, up to and perhaps including trial. The Court hears claim construction issues concurrently with case-dispositive motions, addressed in single briefs on cross motions, absent a compelling reason. No tutorial will be held and no evidence will be heard, absent further order. The claim construction/motions hearing must be at least ninety days before the proposed trial date.
