9                                    On August 10, 2012, the Court granted Defendant Pacific Bell  
10 Telephone Company's motion to stay the case pending the resolution  
11 of the Pacific Bell Wage and Hour Cases, Alameda County Superior  
12 Court, Case No. JCCP004637. The Court equitably tolled the FLSA  
13 statute of limitations for putative collective action members from  
14 the date on which Plaintiff Frank Koval filed this federal action  
15 through the date on which the stay is lifted, provided that Koval  
16 promptly moved to add his FLSA claim to the state court complaint.

17                                    On October 12, 2012, Plaintiff filed a notice informing the  
18 Court that the Alameda County court granted his motion to add the  
19 FLSA claim to the state court action. Other than a January 2013  
20 notice of firm name change by Plaintiff's counsel, there have been  
21 no further filings in this case. The Court hereby orders the  
22 parties to submit a joint status report regarding the status of
