**STIPULATION AND ~~PROPOSED~~ ORDER  
 TO STAY ACTION, VACATE ALL DATES  
 SET IN THIS ACTION, AND HOLD A CASE  
 MANAGEMENT CONFERENCE IN SIX  
 MONTHS**

ALLEN, GLAESSNER, HAZELWOOD & WERTH, LLP

**RECITALS**

1  
2 Plaintiff/counterdefendant San Francisco Bay Area Rapid Transit District (BARTD),  
3 defendant/counterclaimant/third-party claimant/counterdefendant Travelers Property Casualty  
4 Company of America, and third-party defendant/counterclaimant Sentinel Insurance Company,  
5 LTD, jointly submit this Stipulation to request that the Court temporarily stay this action, vacate  
6 all dates currently set in this action, and schedule a Case Management Conference to take place in  
7 six months. The reasons for this request and stipulation are as follows:

8 1. This coverage dispute arises from a fatal accident that occurred on Saturday,  
9 October 19, 2013 on the track between the Walnut Creek and Pleasant Hill BARTD stations.  
10 Christopher Sheppard, Manager of BARTD Track & Grounds, and Laurence Daniels, a contractor  
11 working for Anil Verma Associates, Inc. (“AVA”), an engineering firm that is insured by  
12 Travelers, were on the track the afternoon of October 19 when they were struck by a train and  
13 killed.

14 2. Mr. Daniel’s heirs sued BARTD for wrongful death in a civil suit styled, *Amber*  
15 *Daniels, et. al, v. Bay Area Rapid Transit District*, Alameda County Superior Court No.  
16 RG14725711. Plaintiffs essentially allege that BARTD negligently failed to protect Mr. Daniels  
17 while he was working on tracks during rail car movement.

18 3. BARTD filed a cross-complaint against AVA in the *Daniels* action for declaratory  
19 relief, and for implied and express indemnity and contribution.

20 4. BARTD is an additional insured under the Travelers policy under some  
21 circumstances. BARTD tendered its defense of the *Daniels* lawsuit to Travelers under the  
22 additional insured endorsement. Travelers denied that tender. BARTD filed this insurance action  
23 to determine whether Travelers has an obligation to defend.

24 5. Travelers filed a third-party claim against Sentinel Insurance Company, which  
25 insured Mr. Daniels’ company (Daniels Engineering). By this third-party claim, Travelers  
26 contends that should the Court find that Travelers owes BARTD a defense, that defense should be  
27 provided by Sentinel, and not by Travelers. Sentinel denies the claims asserted against it and  
28 filed a counterclaim for declaratory relief.

1           6.       The parties have been working cooperatively to resolve this coverage dispute in  
2 the most efficient way possible. In September 2015, BARTD and the insurers attended an initial  
3 mediation session in the underlying case. Although some progress was made, the wrongful death  
4 claims were not resolved. The parties to this insurance action, however, were able to discuss in  
5 principle a potential settlement strategy that would encompass the BARTD's contentions  
6 regarding insurers' alleged defense obligations to BARTD, and BARTD's liability claims against  
7 AVA (Travelers' insured), thus resolving the claims involved in this action.

8           7.       Unfortunately, settlement progress has been delayed by, *inter alia*, the wrongful  
9 death plaintiffs' continued efforts to amend their pleadings to assert a survivorship claim  
10 (although Mr. Daniels died instantly), which they contend increases the value of their case by  
11 several million dollars. BARTD challenged the first amended wrongful death complaint by  
12 demurrer. The Superior Court agreed the pleading was defective but permitted leave to amend.  
13 Further complicating the matter, in the interim, one of the plaintiffs, Amber Daniels, passed away  
14 unexpectedly. A second amended complaint in the wrongful death suit was filed on or about  
15 April 6, 2016.

16           8.       Additionally, on September 22, 2015, the personal representative of Daniels'  
17 Estate filed a second lawsuit against two BARTD employees, styled *McComish v. Kappler, et.*  
18 *al.*, Alameda County Superior Court No. RG15786996. BARTD also challenged that pleading by  
19 demurrer. Again, the Superior Court agreed the pleading was defective but permitted leave to  
20 amend. A first amended complaint in the Estate's action against the employees was filed on or  
21 about April 6, 2016.

22           9.       BARTD intends to challenge both amended pleadings, and must do so by May 11,  
23 2016. Unfortunately, given the Superior Court's calendar, we do not expect these law and motion  
24 matters to be heard until late July or perhaps early August. It will be difficult to engage in  
25 productive settlement negotiations encompassing the wrongful death claims until those pleading  
26 challenges are resolved.

27           10.      In addition to participation in mediation in the underlying case, BARTD and the  
28 insurers agreed to mediation and have had numerous telephone conferences with our appointed

1 mediator, Richard Sipos. Mr. Sipos has been a very good resource. The parties and mediator  
2 agree that it makes most sense to resolve the insurance claims in conjunction with mediation of  
3 the underlying wrongful death suit.

4 11. Given the delay in the underlying cases, and the parties' continued desire to work  
5 toward a global resolution without incurring unnecessary litigation costs, the parties ask this  
6 Court to stay this action, vacate all dates currently set in this action, and hold a case management  
7 conference in six months to determine whether the stay should be lifted. The parties believe this  
8 is the most efficient solution for themselves and the court.

9 **STIPULATION**

10 For these reasons, it is hereby stipulated by and between San Francisco Bay Area Rapid  
11 Transit District, Travelers Property Casualty Company of America, and Sentinel Insurance  
12 Company LTD, through their respective counsel of record, and subject to the Court's approval,  
13 that the action be stayed to accommodate proceedings in the underlying litigation, all dates in this  
14 action be vacated, and that a Case Management Conference be held in October 2016 (six months)  
15 to determine whether the stay should be lifted.

16 The parties appreciate the Court's attention and consideration.

17 Respectfully submitted,
