12 Before the court are defendant Methode Electronics, Inc.'s ("Methode")
13 administrative motions to remove incorrectly filed documents from ECF (Dkt. 90) and to
14 shorten time for its pending motion for leave to amend the joint claim construction
15 statement (Dkt. 89).

16 The motion to remove incorrectly filed documents is GRANTED. The motion is not
17 opposed, and the documents—Dkt. Nos. 80-2, 80-8, 80-9—were filed in conjunction with
18 a motion that was subsequently withdrawn. The court ORDERS that these documents
19 shall be permanently removed from ECF.

20 The motion to shorten time is DENIED. Methode has not established the
21 substantial harm or prejudice required under the local rules. See L.R. 6-3(a)(3).
22 Methode's motion to leave to amend will be heard according to the usual briefing
23 schedule and the noticed hearing date of October 19.

24 **IT IS SO ORDERED.**
