Even after final disposition of this litigation, the confidentiality obligations imposed by this Order shall remain in effect until a Designating Party agrees otherwise in writing or a court order otherwise directs. 5.

#### DESIGNATING PROTECTED MATERIAL

5.1 <u>Exercise of Restraint and Care in Designating Material for Protection</u>. Each Party or Non-Party that designates information or items for protection under this Order must take care to limit any such designation to specific material that qualifies under the appropriate standards. To the extent it is practical to do so, the Designating Party must designate for protection only those parts of material, documents, items, or oral or written communications that qualify – so that other portions of the material, documents, items, or communications for which protection is not warranted are not swept unjustifiably within the ambit of this Order.

Mass, indiscriminate, or routinized designations are prohibited. Designations that are shown to be clearly unjustified or that have been made for an improper purpose (e.g., to unnecessarily encumber or retard the case development process or to impose unnecessary expenses and burdens on other parties) expose the Designating Party to sanctions.

If it comes to a Designating Party's attention that information or items that it designated for protection do not qualify for protection at all or do not qualify for the level of protection initially asserted, that Designating Party must promptly notify all other Parties that it is withdrawing the mistaken designation.

5.2 <u>Manner and Timing of Designations</u>. Except as otherwise provided in this Order (see, e.g., second paragraph of section 5.2(a) below), or as otherwise stipulated or ordered, Disclosure or Discovery Material that qualifies for protection under this Order must be clearly so designated before the material is disclosed or produced.

28

3

4

5

6

7

8

1

Designation in conformity with this Order requires:

(a) for information in documentary form (e.g., paper or electronic documents, but
excluding transcripts of depositions or other pretrial or trial proceedings), that the Producing
Party affix the legend "CONFIDENTIAL," "HIGHLY CONFIDENTIAL – ATTORNEYS'
EYES ONLY," or "HIGHLY CONFIDENTIAL – SOURCE CODE" to each page that contains
protected material. If only a portion or portions of the material on a page qualifies for protection,
the Producing Party also must clearly identify the protected portion(s) (e.g., by making
appropriate markings in the margins) and must specify, for each portion, the level of protection

10 A Party or Non-Party that makes original documents or materials available for inspection 11 need not designate them for protection until after the inspecting Party has indicated which 12 material it would like copied and produced. During the inspection and before the designation, all 13 of the material made available for inspection shall be deemed "HIGHLY CONFIDENTIAL -14 ATTORNEYS' EYES ONLY." After the inspecting Party has identified the documents it wants 15 copied and produced, the Producing Party must determine which documents, or portions thereof, 16 qualify for protection under this Order. Then, before producing the specified documents, the 17 Producing Party must affix the appropriate legend ("CONFIDENTIAL," "HIGHLY 18 CONFIDENTIAL – ATTORNEYS' EYES ONLY," or "HIGHLY CONFIDENTIAL – SOURCE 19 CODE") to each page that contains Protected Material. If only a portion or portions of the 20 material on a page qualifies for protection, the Producing Party also must clearly identify the 21 protected portion(s) (e.g., by making appropriate markings in the margins) and must specify, for 22 each portion, the level of protection being asserted.

(b) for testimony given in deposition or in other pretrial or trial proceedings, that
the Designating Party identify on the record, before the close of the deposition, hearing, or other
proceeding, all protected testimony and specify the level of protection being asserted. When it is
impractical to identify separately each portion of testimony that is entitled to protection and it
appears that substantial portions of the testimony may qualify for protection, the Designating
Party may invoke on the record (before the deposition, hearing, or other proceeding is concluded)

1

a right to have up to 21 days to identify the specific portions of the testimony as to which protection is sought and to specify the level of protection being asserted. Only those portions of the testimony that are appropriately designated for protection within the 21 days shall be covered by the provisions of this Protective Order. Alternatively, a Designating Party may specify, at the deposition or up to 21 days afterwards if that period is properly invoked, that the entire transcript shall be treated as "CONFIDENTIAL" or "HIGHLY CONFIDENTIAL – ATTORNEYS' EYES ONLY."

Parties shall give the other parties notice if they reasonably expect a deposition, hearing, or other proceeding to include Protected Material so that the other parties can ensure that only authorized individuals who have signed the "Acknowledgment and Agreement to Be Bound" (Exhibit A) are present at those proceedings. The use of a document as an exhibit at a deposition shall not in any way affect its designation as "CONFIDENTIAL" or "HIGHLY

CONFIDENTIAL – ATTORNEYS' EYES ONLY."

Transcripts containing Protected Material shall have an obvious legend on the title page 15 that the transcript contains Protected Material, and the title page shall be followed by a list of all 16 pages (including line numbers as appropriate) that have been designated as Protected Material and 17 the level of protection being asserted by the Designating Party. The Designating Party shall 18 inform the court reporter of these requirements. Any transcript that is prepared before the 19 expiration of a 21-day period for designation shall be treated during that period as if it had been 20 designated "HIGHLY CONFIDENTIAL – ATTORNEYS' EYES ONLY" in its entirety unless 21 otherwise agreed. After the expiration of that period, the transcript shall be treated only as 22 actually designated.

(c) for information produced in some form other than documentary and for any other
tangible items, that the Producing Party affix in a prominent place on the exterior of the container
or containers in which the information or item is stored the legend "CONFIDENTIAL,"
"HIGHLY CONFIDENTIAL – ATTORNEYS' EYES ONLY," or "HIGHLY CONFIDENTIAL
SOURCE CODE." If only a portion or portions of the information or item warrant protection,
the Producing Party, to the extent practicable, shall identify the protected portion(s) and specify

the level of protection being asserted.

5.3 <u>Inadvertent Failures to Designate</u>. If timely corrected, an inadvertent failure to designate qualified information or items does not, standing alone, waive the Designating Party's right to secure protection under this Order for such material. Upon timely correction of a designation, the Receiving Party must make reasonable efforts to assure that the material is treated in accordance with the provisions of this Order.

7

6.

#### CHALLENGING CONFIDENTIALITY DESIGNATIONS

6.1 <u>Timing of Challenges</u>. Any Party or Non-Party may challenge a designation of confidentiality at any time. Unless a prompt challenge to a Designating Party's confidentiality designation is necessary to avoid foreseeable, substantial unfairness, unnecessary economic burdens, or a significant disruption or delay of the litigation, a Party does not waive its right to challenge a confidentiality designation by electing not to mount a challenge promptly after the original designation is disclosed.

6.2 Meet and Confer. The Challenging Party shall initiate the dispute resolution 14 process by providing written notice of each designation it is challenging and describing the basis 15 for each challenge. To avoid ambiguity as to whether a challenge has been made, the written 16 notice must recite that the challenge to confidentiality is being made in accordance with this 17 18 specific paragraph of the Protective Order. The parties shall attempt to resolve each challenge in good faith and must begin the process by conferring directly (in voice to voice dialogue; other 19 20 forms of communication are not sufficient) within 14 days of the date of service of notice. In conferring, the Challenging Party must explain the basis for its belief that the confidentiality 21 designation was not proper and must give the Designating Party an opportunity to review the 22 designated material, to reconsider the circumstances, and, if no change in designation is offered, 23 to explain the basis for the chosen designation. A Challenging Party may proceed to the next 24 25 stage of the challenge process only if it has engaged in this meet and confer process first or establishes that the Designating Party is unwilling to participate in the meet and confer process in 26 a timely manner. 27

28

6.3 <u>Judicial Intervention</u>. If the Parties cannot resolve a challenge without court

the parties shall present the dispute for resolution in accordance with the court's Standing Order regarding resolution of discovery disputes (joint letter procedure).

intervention, the Designating Party shall file and serve a motion to retain confidentiality under Civil Local Rule 7 (and in compliance with Civil Local Rule 79-5, if applicable) within 21 days of the initial notice of challenge or within 14 days of the parties agreeing that the meet and confer process will not resolve their dispute, whichever is earlier. Each such motion must be accompanied by a competent declaration affirming that the movant has complied with the meet and confer requirements imposed in the preceding paragraph. Failure by the Designating Party to make such a motion including the required declaration within 21 days (or 14 days, if applicable) shall automatically waive the confidentiality designation for each challenged designation. In addition, the Challenging Party may file a motion challenging a confidentiality designation at any 10 time if there is good cause for doing so, including a challenge to the designation of a deposition 11 transcript or any portions thereof. Any motion brought pursuant to this provision must be 12 accompanied by a competent declaration affirming that the movant has complied with the meet 13 and confer requirements imposed by the preceding paragraph.

14 The burden of persuasion in any such challenge proceeding shall be on the Designating 15 Party. Frivolous challenges and those made for an improper purpose (e.g., to harass or impose 16 unnecessary expenses and burdens on other parties) may expose the Challenging Party to 17 sanctions. Unless the Designating Party has waived the confidentiality designation by failing to 18 file a motion to retain confidentiality as described above, all parties shall continue to afford the 19 material in question the level of protection to which it is entitled under the Producing Party's 20 designation until the court rules on the challenge.

1 ordered by the court or permitted in writing by the Designating Party, a Receiving Party may 2 disclose any information or item designated "HIGHLY CONFIDENTIAL - ATTORNEYS' 3 EYES ONLY" or "HIGHLY CONFIDENTIAL – SOURCE CODE" only to: 4 (a) the Receiving Party's Outside Counsel of Record in this action, as well as 5 employees of said Outside Counsel of Record to whom it is reasonably necessary to disclose the 6 information for this litigation and who have signed the "Acknowledgment and Agreement to Be 7 Bound" that is attached hereto as Exhibit A; 8 (b) Experts of the Receiving Party (1) to whom disclosure is reasonably necessary for 9 this litigation, (2) who have signed the "Acknowledgment and Agreement to Be Bound" (Exhibit 10 A), and (3) as to whom the procedures set forth in paragraph 7.4(a), below, have been followed; 11 (c) the court and its personnel; 12 (d) court reporters and their staff, professional jury or trial consultants, and 13 Professional Vendors to whom disclosure is reasonably necessary for this litigation and who have 14 signed the "Acknowledgment and Agreement to Be Bound" (Exhibit A); and 15 (e) the author or recipient of a document containing the information or a custodian or 16 other person who otherwise possessed or knew the information. 17 7.4 Procedures for Approving or Objecting to Disclosure of "HIGHLY CONFIDENTIAL 18 – ATTORNEYS' EYES ONLY" or "HIGHLY CONFIDENTIAL – SOURCE CODE" 19 Information or Items to Experts. 20 (a) Unless otherwise ordered by the court or agreed to in writing by the Designating 21 Party, a Party that seeks to disclose to an Expert (as defined in this Order) any information or item 22 that has been designated "HIGHLY CONFIDENTIAL - ATTORNEYS' EYES ONLY" or 23 "HIGHLY CONFIDENTIAL – SOURCE CODE" pursuant to paragraph 7.3(b) first must make a 24 written request to the Designating Party that (1) identifies the general categories of "HIGHLY 25 CONFIDENTIAL – ATTORNEYS' EYES ONLY" or "HIGHLY CONFIDENTIAL – SOURCE 26 CODE" information that the Receiving Party seeks permission to disclose to the Expert, (2) sets 27 forth the full name of the Expert and the city and state of his or her primary residence, (3) 28 attaches a copy of the Expert's current resume, (4) identifies the Expert's current employer(s), (5)

identifies each person or entity from whom the Expert has received compensation or funding for work in his or her areas of expertise or to whom the expert has provided professional services, including in connection with a litigation, at any time during the preceding five years,<sup>1</sup> and (6) identifies (by name and number of the case, filing date, and location of court) any litigation in connection with which the Expert has offered expert testimony, including through a declaration, report, or testimony at a deposition or trial, during the preceding five years.

Any such objection must set forth in detail the grounds on which it is based.

(c) A Party that receives a timely written objection must meet and confer with the Designating Party (through direct voice to voice dialogue) to try to resolve the matter by agreement within seven days of the written objection. If no agreement is reached, the Party seeking to make the disclosure to the Expert may file a motion as provided in Civil Local Rule 7 (and in compliance with Civil Local Rule 79-5, if applicable) seeking permission from the court to do so. Any such motion must describe the circumstances with specificity, set forth in detail the reasons why disclosure to the Expert is reasonably necessary, assess the risk of harm that the disclosure would entail, and suggest any additional means that could be used to reduce that risk. In addition, any such motion must be accompanied by a competent declaration describing the parties' efforts to resolve the matter by agreement (i.e., the extent and the content of the meet and confer discussions) and setting forth the reasons advanced by the Designating Party for its refusal to approve the disclosure.

In any such proceeding, the Party opposing disclosure to the Expert shall bear the

For purposes ofthis paragraph, "prosecution" includes directly or indirectly drafting, amending, advising, orotherwise affecting the scope or maintenance of patent claims.<sup>2</sup> To avoid any doubt,"prosecution" as used in this paragraph does not include representing a party challenging a patentbefore a domestic or foreign agency (including, but not limited to, a reissue protest, *ex parte*reexamination or *inter partes* reexamination). This Prosecution Bar shall begin when access to"HIGHLY CONFIDENTIAL – ATTORNEYS' EYES ONLY" or "HIGHLY CONFIDENTIAL –

(c) Any source code produced in discovery shall be made available for inspection, in a format allowing it to be reasonably reviewed and searched, during normal business hours or at other mutually agreeable times, at an office of the Producing Party's counsel or another mutually agreed upon location. The source code shall be made available for inspection on a secured computer in a secured room without Internet access or network access to other computers, and the Receiving Party shall not copy, remove, or otherwise transfer any portion of the source code onto any recordable media or recordable device. The Producing Party may visually monitor the activities of the Receiving Party's representatives during any source code review, but only to ensure that there is no unauthorized recording, copying, or transmission of the source code.

12 (d) The Receiving Party may request paper copies of limited portions of source code that are reasonably necessary for the preparation of court filings, pleadings, expert reports, or other papers, or for deposition or trial, but shall not request paper copies for the purpose of reviewing the source code other than electronically as set forth in paragraph (c) in the first instance. The Producing Party may challenge the amount of source code requested in hard copy form pursuant to the dispute 19 resolution procedure and timeframes set forth in Paragraph 6 whereby the Producing Party is the "Challenging Party" and the Receiving Party is the "Designating Party" for purposes of dispute resolution.

22 (e) The Receiving Party shall maintain a record of any individual who has inspected 23 any portion of the source code in electronic or paper form. The Receiving Party shall maintain all 24 paper copies of any printed portions of the source code in a secured, locked area. The Receiving 25 Party shall not create any electronic or other images of the paper copies and shall not convert any 26 of the information contained in the paper copies into any electronic format. The Receiving Party 27 shall only make additional paper copies if such additional copies are (1) necessary to prepare 28 court filings, pleadings, or other papers (including a testifying expert's expert report), (2)

#### 10. PROTECTED MATERIAL SUBPOENAED OR ORDERED PRODUCED IN OTHER LITIGATION

If a Party is served with a subpoena or a court order issued in other litigation that compels disclosure of any information or items designated in this action as "CONFIDENTIAL," "HIGHLY CONFIDENTIAL – ATTORNEYS' EYES ONLY," or "HIGHLY CONFIDENTIAL – SOURCE CODE," that Party must:

(a) promptly notify in writing the Designating Party. Such notification shall include a copy of the subpoena or court order;

(b) promptly notify in writing the party who caused the subpoena or order to issue in the other litigation that some or all of the material covered by the subpoena or order is subject to this Protective Order. Such notification shall include a copy of this Protective Order; and

(c) cooperate with respect to all reasonable procedures sought to be pursued by the Designating Party whose Protected Material may be affected.<sup>3</sup>

If the Designating Party timely seeks a protective order, the Party served with the subpoena or court order shall not produce any information designated in this action as "CONFIDENTIAL," "HIGHLY CONFIDENTIAL – ATTORNEYS' EYES ONLY," or "HIGHLY CONFIDENTIAL – SOURCE CODE" before a determination by the court from which the subpoena or order issued, unless the Party has obtained the Designating Party's permission. The Designating Party shall bear the burden and expense of seeking protection in that court of its confidential material – and nothing in these provisions should be construed as authorizing or encouraging a Receiving Party in this action to disobey a lawful directive from another court.

 <sup>&</sup>lt;sup>3</sup> The purpose of imposing these duties is to alert the interested parties to the existence of this Protective Order and to afford the Designating Party in this case an opportunity to try to protect its confidentiality interests in the court from which the subpoena or order issued.

11.

#### A NON-PARTY'S PROTECTED MATERIAL SOUGHT TO BE PRODUCED IN THIS LITIGATION

(a) The terms of this Order are applicable to information produced by a Non-Party in this action and designated as "CONFIDENTIAL," "HIGHLY CONFIDENTIAL – ATTORNEYS' EYES ONLY," or "HIGHLY CONFIDENTIAL – SOURCE CODE." Such information produced by Non-Parties in connection with this litigation is protected by the remedies and relief provided by this Order. Nothing in these provisions should be construed as prohibiting a Non-Party from seeking additional protections.

(b) In the event that a Party is required, by a valid discovery request, to produce aNon-Party's confidential information in its possession, and the Party is subject to an agreementwith the Non-Party not to produce the Non-Party's confidential information, then the Party shall:

 promptly notify in writing the Requesting Party and the Non-Party that some or all of the information requested is subject to a confidentiality agreement with a Non-Party;

promptly provide the Non-Party with a copy of the Protective Order in this
 litigation, the relevant discovery request(s), and a reasonably specific description of the
 information requested; and

3. make the information requested available for inspection by the Non-Party.

(c) If the Non-Party fails to object or seek a protective order from this court within 14 days of receiving the notice and accompanying information, the Receiving Party may produce the Non-Party's confidential information responsive to the discovery request. If the Non-Party timely seeks a protective order, the Receiving Party shall not produce any information in its possession or control that is subject to the confidentiality agreement with the Non-Party before a determination by the court.<sup>4</sup> Absent a court order to the contrary, the Non-Party shall bear the burden and expense of seeking protection in this court of its Protected Material.

<sup>&</sup>lt;sup>4</sup> The purpose of this provision is to alert the interested parties to the existence of confidentiality rights of a Non-Party and to afford the Non-Party an opportunity to protect its confidentiality interests in this court.

#### **UNAUTHORIZED DISCLOSURE OF PROTECTED MATERIAL**

#### 13. **INADVERTENT PRODUCTION OF PRIVILEGED OR OTHERWISE** PROTECTED MATERIAL

10 When a Producing Party gives notice to Receiving Parties that certain inadvertently produced material is subject to a claim of privilege or other protection, the obligations of the 12 Receiving Parties are those set forth in Federal Rule of Civil Procedure 26(b)(5)(B). This 13 provision is not intended to modify whatever procedure may be established in an e-discovery 14 order that provides for production without prior privilege review. Pursuant to Federal Rule of 15 Evidence 502(d) and (e), insofar as the parties reach an agreement on the effect of disclosure of a 16 communication or information covered by the attorney-client privilege or work product 17 protection, the parties may incorporate their agreement in a stipulated protective order submitted 18 to the court.

19 14.

#### **MISCELLANEOUS**

14.1 Right to Further Relief. Nothing in this Order abridges the right of any person to seek its modification by the court in the future.

14.2 Right to Assert Other Objections. No Party waives any right it otherwise would 22 23 have to object to disclosing or producing any information or item on any ground not addressed in this Protective Order. Similarly, no Party waives any right to object on any ground to use in 24 evidence of any of the material covered by this Protective Order. 25

14.3 Export Control. Disclosure of Protected Material shall be subject to all applicable 26 laws and regulations relating to the export of technical data contained in such Protected Material, 27 including the release of such technical data to foreign persons or nationals in the United States or 28

elsewhere. The Producing Party shall be responsible for identifying any such controlled technical data, and the Receiving Party shall take measures necessary to ensure compliance.

14.4 <u>Filing Protected Material</u>. Without written permission from the Designating Party or a court order secured after appropriate notice to all interested persons, a Party may not file in the public record in this action any Protected Material. A Party that seeks to file under seal any Protected Material must comply with Civil Local Rule 79-5. Protected Material may only be filed under seal pursuant to a court order authorizing the sealing of the specific Protected Material at issue. Pursuant to Civil Local Rule 79-5, a sealing order will issue only upon a request establishing that the Protected Material at issue is privileged, protectable as a trade secret, or otherwise entitled to protection under the law. If a Receiving Party's request to file Protected Material under seal pursuant to Civil Local Rule 79-5(e) is denied by the court, then the Receiving Party may file the Protected Material in the public record pursuant to Civil Local Rule 79-5(e)(2) unless otherwise instructed by the court.

15.

#### FINAL DISPOSITION

Within 60 days after the final disposition of this action, as defined in paragraph 4, each 15 Receiving Party must return all Protected Material to the Producing Party or destroy such 16 material.
