THIS PRODUCT AND ELECTRONIC DATABASE EVALUATION AND LICENSE AGREEMENT (this "Agreement") is made and entered into as of the 27th day of November, 2000, by and between Google, Inc. ("Licensee") and Digital Envoy Inc. ("Licensor");

WITNESSETH:

WHEREAS, Licensee is in the business of producing and maintaining information search technology (the "Business"); and

WHEREAS, Licensee desires to secure from Licensor the right to use Licensor's Personum product (the "Product") and certain geographic/IP address databases (the "Database Libraries") for purposes of utilizing the Product and the Database Libraries in the Business (the "Service");

NOW, THEREFORE, the parties hereto, intending to be legally bound, hereby agree as follows:

Section 1
DATABASE LIBRARIES

Licensor agrees to establish and maintain the Database Libraries in a form suitable for Licensee's use pursuant to this Agreement. It is agreed that the form suitable for Licensee's use shall be electronic with data stored in a server database licensed in conjunction with the Product.

Section 2
LICENSOR SUPPORT AND LICENSEE RESPONSIBILITIES

Licensor agrees to provide electronic updates of the Database Libraries to Licensee, no less frequent than monthly. The updates shall have the most recent geographic/IP address data compiled by Licensor. It is understood that Licensor shall have no responsibility to maintain or support Licensee's content serving network. The Database Libraries shall be treated as confidential and proprietary information of Licensor, and except as otherwise noted herein the receiving party shall not disclose such information, directly or indirectly, to any third party, without the consent of the disclosing party. Licensor shall provide Licensee with on-going 24/7 technical support.

Case 5:04-cv-01497-RS Document 28-4 Filed 08/16/2004 Page 3 of 16

Licensee shall be responsible for supplying a server that meets the following specifications:

- a. Pentium III Xeon 550 MHz Linux server; dual processors preferred with a minimum of 512 Mb of RAM;
- b. High speed Ethernet card or other network interface card that interfaces with Licensee's network;
- c. Minimum of 10 gigabyte hard drive on a SCSI bus, RAIDing optional;
- d. Providing an Internet routable IP address for the server.

Licensor shall be responsible for providing Licensee with information to configure its server to interface with Licensor's central servers and shall provide Licensee with a C, Java or Perl API that encompasses functions that allow Licensee to interface to Licensor's database. The parties agree to establish commercially reasonable security measures with respect to such interface. Licensor shall not be responsible for supporting Licensee's server(s) or other hardware.

Section 3 GRANT OF RIGHTS

Licensor hereby grants Licensee the limited, worldwide right to use in its Business (and not distribute to any third party in whole or in part) the Product and the Database Libraries. Such right shall be nonexclusive. Such rights shall be strictly limited to the right to:

1. Input, download, and store some or all of the Database Libraries in files and memory; and compile some or all of the Database Libraries at the Site. Licensee may also use the Database Libraries to develop indices, services, or applications that are provided to third parties (e.g., developing a country-specific index of web pages). In no event, however, are the Database Libraries to be sold, licensed, distributed, shared or otherwise given (in any form) to any other party or used outside of the site set forth herein.

2. Access and use the Database Libraries in the Business only at the Site. The "Site" shall be defined as Google's offices and data centers.

Section 4 RESERVED RIGHTS

Licensor reserves the right to use the Database Libraries for its own business purposes and reserves the right to distribute the Database Libraries to others in the course of its business as it sees fit. Nothing in this license shall in any way restrict Licensor's or its customers' use of its Database Libraries.

Section 5 PAYMENT AND EVALUATION PERIOD

5.1 Licensee shall pay Licensor a monthly fee of three thousand dollars (\$3,000) per month during the term of this Agreement for access to Licensor's geographic tailoring Product and the Database Libraries. Notwithstanding the foregoing, Licensor and Licensee acknowledge that it may take a brief period of time for Licensee to evaluate whether the Product and the Database Libraries will be useful in Licensee's business. Hence, subject to the terms and conditions of this License, Licensee shall be permitted to use the Database Libraries and the Product for a period of fourteen (14) days, without

charge and may terminate this agreement during such fourteen (14) day period in the event that Licensee, in its reasonable discretion, determines that the Database Libraries and Product are not useful for Licensee's business needs.

5.2 Licensee shall pay to Licensor all amounts accruing with respect to charges billed in each calendar month within 30 days after the said payment is due. There shall be applied to any amounts not paid by Licensee when due a delinquency charge of Eighteen Percent (18%) per annum prorated for partial periods of the unpaid principal balance thereof, commencing to accrue the calendar day after such due date.

Section 6

NO OTHER PAYMENT, ETC.

Except as expressly provided in this Agreement, neither party shall be entitled to any payment, cost reimbursement, or other compensation from the other party in respect of its performance, and each party shall bear all its own expenses incurred in rendering performance.

Section 7

7.1 As between the parties hereto, Licensor shall be the sole owner of the Database Libraries, including any patents, copyrights or trade secrets associated with the Database Libraries or the underlying applications.

7.1a As between the parties hereto, Licensee shall be the sole owner of any services or products developed using the Database Libraries (but excluding the Database Libraries), including any patents, copyrights or trade secrets associated with such services or products.

7.2 Licensee shall have no right to copy or reverse engineer the Database

Libraries and/or the Product. Except as set forth in this Agreement, in no event shall Licensee distribute, disclose or otherwise make available the Database Libraries, or any information contained therein to any other party whatsoever or at any other site other than the Site, without the express written consent of Licensor. Licensee shall hold all of Licensor's product information, including the results of any evaluation or testing thereof by Licensee in strict confidence and shall in no event share such information with any third parties.

7.3 Licensee shall cooperate with Licensor (at Licensor's expense) with regard to any copyright registration of the Database Libraries, including updated versions thereof, that Licensor may choose to obtain. Both parties agree to cooperate with each other with respect to any other action that may be necessary or appropriate for the protection of the Database Libraries under applicable intellectual property laws.

7.4 In the event that either party discovers an instance of possible infringement of Licensor's rights in the Database Libraries, such party shall promptly notify the other. The parties shall consult with one another with respect to the action that may be appropriate to stop or remedy such infringement.

7.5 If a third party claims that the exercise by Licensee of the rights granted herein, including the provision and use of the Product based on the Database Libraries in accordance with this Agreement, infringes any patent, copyright, trade secret, or other proprietary right of any third party, Licensor will defend Licensee against that claim at Licensor's expense and Licensor will indemnify and hold harmless Licensee from and against any associated loss, liability, damage, or expense (including costs of investigation, court costs, and reasonable attorney's fees). Licensee agrees to cooperate with Licensor to determine the most cost-effective and practical means for responding to and disposing of any such matter.

Neither party hereto undertakes any liability to the other for any such errors, omissions, delays, or losses. Section 10

FORCE MAJEURE

Neither party shall be liable or be deemed to be in default for any delay or failure in performance or interruption resulting directly or indirectly from any cause or circumstance beyond its reasonable control, equipment or telecommunications failure, labor dispute, or failure of any third party to perform any agreement that adversely affects such party's ability to perform its obligations hereunder.
