Art,

Since we never got around to speaking last week, I figured I'd just drop you a line now about the things I've been thinking about.

First of all, I received a voicemail from someone in accounting that I have an overdue payment. I must have not received this last invoice since it was probably sent to my school mailbox and I have not been up there for some time now. I'll call them tomorrow to sort this out, but for future payments, invoices should be sent to my home at:

2 Russell Place
Dobbs Ferry, NY 10522

Besides that, it looks like I'm going to need to add about 30 servers by the end of August. I really can't afford to put servers on at the current rate, but Edward and you have both mentioned discounts for buying racks of servers, and I assume that we can discount bulk bandwidth too.

Basically, it seems to me like there are three parts to this purchase: the hardware, the monthly maintenance, and the bandwidth. Assuming the hardware costs the same amount whenever we get it, it's best to have that earlier on in the summer so my people can configure those servers and have them ready and tested by the time they're necessary. Since users won't actually be using the new servers until the end of the summer, we won't need to turn bandwidth up until then. So I guess the main variable in whether I should get the servers now or later is in the monthly cost for server maintenance by you guys. I know that right now you're getting \$350/server, so with 35 servers that's absolutely ridiculous. So I guess before making any plans, I need to hear exactly what this deal with getting my own rack will be.

Essentially, come fall, I'm going to need somewhere between 100-150mbps on the 35 servers, and I'm really going to need that for somewhere around \$10-12k/month. So in the mean time we just need to figure out the best way to make this happen.

In the short term, we were talking about temporarily turning bandwidth down for the summer. I looked over Edward's graphs and it looks like we're down from about 20mbps to 9mbps or so now that I've put in gzip buffering to compress the webpages and traffic is starting to diminish for the summer. Let me know what this entails and if I need to do anything.

Let's try to get on the phone tomorrow and hammer out the expansion plan so we know where things are going.

Best,

Mark

8. Term of Agreement, Suspension of Service, Termination, and Renewal of Equipment's Equipment.

a. This Agreement will commence on the MSA Effective Date. Unless earlier terminated in accordance with its terms this Agreement will terminate on the date the last Order then in effect expires or is terminated pursuant to the terms and conditions set forth in this Agreement (which will be the date on which the last Service Term of such last Order expires or is terminated pursuant to the terms and conditions of this Agreement). Unless otherwise agreed to by the parties in writing, for each Service ordered on a Sales Order, the initial Service Term for such Service will commence on the date referred to as the "Sales Order Effective Date" and end two (2) years after the Billing Commencement Date. Unless otherwise agreed to by the parties in writing, the initial Service Term for each Service ordered by a Phone Order or Online Order will commence on the Billing Commencement Date and end (i) when the License for the Licensed Space into which such Service is installed expires or terminates pursuant to this Agreement or (ii) two (2) years after the Billing Commencement Date if such Service is not installed in Licensed Space. Unless otherwise agreed to by the parties in writing, for each Service, upon expiration of the initial Service Term and each renewal, the Service Term for such Service will renew automatically for additional terms of one (1) year each, unless either party notifies the other party at least forty-five (45) days prior to the end of the then-current Service Term for such Service that it has decided to terminate the Service Term for such Service, in which event the Service Term for such Service will terminate at the end of such then-current Service Term.

b. Either party may terminate this Agreement by giving notice of

termination to the other party if the other party breaches any material term or condition of this Agreement and fails to cure such breach within thirty (30) days after receipt of notice of the cure. Notwithstanding the foregoing, except where Customer has failed to timely cure a monetary breach, if a party fails to timely cure a material breach as to only one IBX Center, and Customer has Licensed Space in more than one IBX Center, then the non-breaching party may only terminate this Agreement (and the corresponding Order) as to the IBX Center where the material breach has not been timely cured, and this Agreement will remain in full force and effect as to all other IBX Centers.

Notwithstanding Section 8(b), Equinix may terminate this Agreement (or, at Equinix's sole discretion, suspend the provision of Services, including discontinuing the supply of power) if (i) Customer fails to cure any monetary breach of this Agreement (e.g. fails to pay any amounts owed) within ten (10) days of notice of the same (five (5) days in the event Customer's account is past due on three (3) or more occasions during a six (6)-month period); (ii) Customer breaches any provision of this Agreement that is Equinix's reasonable judgment in breach with, or has the potential to interfere with Equinix's operation or maintenance of the IBX Center or with the other Customer's use thereof, and Customer fails to cure such breach within ninety-four (24) hours of being notified of the same; if Equinix suspends a Service pursuant to this Section 8(c), Equinix will resume the discontinued Service within twenty-four (24) hours after it is reasonably notified Customer has cured the breach(es) which gave rise to Equinix's right to suspend the Service. Equinix may charge a reinstatement fee equal to the direct out-of-pocket expenses incurred by Equinix to resume the discontinued Service.

Equinix may terminate this Agreement as to any affected Licensed Space of IBX Center if any portion of the IBX Center in which the affected Licensed Space is located becomes subject to a condemnation proceeding or is condemned. Equinix possesses no obligation to terminate or suspend, or Equinix cannot provide Customer with access to the affected Licensed Space as contemplated herein for a period exceeding thirty (30) days.

Upon expiration or termination of an Order (or any portion thereof), all other rights of Customer with respect to the Licensed Space on such Order for the affected portion thereof ("Terminated Space") will terminate, and Customer will remove all of Customer's Equipment and other property belonging to Customer or Customer's Authorized Persons, Accompanying Persons and/or Associated Entities, but excluding any wiring, cable or other equipment or property owned, leased or licensed by Equinix, from the Terminated Space no later than the effective date of such termination. If Customer fails to remove any such property in accordance with this Section 8(e), Equinix will be entitled to pursue all available legal remedies against Customer, including one or more of the following remedies: (i) immediately removing any of all such property and storing it at Customer's expense at an on-site or off-site location; (ii) shipping such property to the address set forth at the end of this Agreement at Customer's risk and expense; or (iii) upon providing thirty (30) days prior notice to Customer, and if Customer fails to remove such property within such thirty (30)-day period, liquidating such property in any commercially reasonable manner and charging Customer for all costs associated with the liquidation. Notwithstanding anything in this Agreement to the contrary, Customer will not be entitled to remove any Customer's Equipment from an IBX Center upon termination of the Agreement if Customer's account is past due.

While Customer has no right to use the Services after the end of the Term, if Customer does so, Customer will be obligated to pay for the Services pursuant to the terms and conditions of this Agreement and any applicable Order, and this Agreement, and any such applicable Order, will continue in effect for as long as the Services are used by Customer. In such event, this Agreement, and any applicable Order, will be terminable at will by Equinix effective immediately upon notice to Customer.

Customer grants Equinix a security interest in all of Customer's Equipment now or hereafter, located at such IBX Center, to secure payment of all amounts and satisfaction of all obligations due under this Agreement. In connection therewith, if required by applicable law, Equinix will be entitled to file one or more financing statements with respect to its security interest and Customer will sign all necessary documents, and take such other actions as Equinix reasonably requests, to perfect or continue such security interest. Equinix will not take any

action to enforce its security interest in the Equipment until such time as any invoice is sixty (60) days or more past due.

Neither party will be liable to the other party for property terminating this Agreement or any portion thereof in accordance with its terms, but Customer will be liable to Equinix for any amounts owed prior to the effective date of termination. Notwithstanding anything to the contrary in this Agreement, Equinix has the right to recover from Customer all damages recoverable under law for the period past the end of the Term, if Equinix terminates this Agreement prior to the end of the Term due to Customer's material breach.

Under no circumstances will any Order survive the expiration or earlier termination of this Agreement, and under no circumstances will any Order pertaining to an IBX Center survive the termination of this Agreement as to that IBX Center. Equinix will not have any obligation to provide any of its Services after the expiration or earlier termination of this Agreement, and Equinix will not have any obligation to provide any of its Services at an IBX Center after the expiration or earlier termination of this Agreement as to such IBX Center.

If any legal action is brought by either party under, or relating to, this Agreement, the prevailing party will be entitled to an award of its reasonable attorneys' fees and costs.

This Agreement will be effective only when signed by both parties. This Agreement may be executed in two or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument. This Agreement may be amended only in writing by an instrument, signed by all parties.

No waiver of any breach of any provision of this Agreement will constitute a waiver of any other, concurrent or subsequent breach of the same or any other provisions hereof, and no waiver will be effective unless made in writing and signed by an authorized representative of the waiving party.

If Customer and Equinix execute multiple Orders, each additional Order will supplement rather than replace the prior Orders, unless otherwise stated by the parties in writing. Notwithstanding anything in this Agreement to the contrary, (i) Equinix has no obligation to execute any Order with Customer, (ii) no Order or Phone Order will be effective unless accepted by both parties, and (iii) no Order or Phone Order will be effective unless made by Customer and agreed to by Equinix, which agreement by Equinix will be indicated either by Equinix's confirmation of such Order or Phone Order or by Equinix's confirmation of the provision of the Services ordered under the Order or Phone Order.
