Do you remember any takedowns from Paramount?

Thanks,

Heather

Heather,

I was demonstrating the YouTube tool to one of our sales people. I searched for BARNYARD and randomly select 7 or 8 titles for a list. I did not check any titles in the list. I meant to click on Remove from List, but instead I clicked on Flag Videos. Now the instructions state that I "check the box to the left of the video." then click on Flag Videos. Since I did not check any boxes, I believe that nothing will come of my little demonstration.

If you receive any takedown as a result of this, please ignore it. We are not taking down any YouTube videos/movies on behalf of Paramount at this time.

Hope I haven't caused you any confusion
