Counsel:

It has come to our attention that we have not received all of the third party subpoenas Apple has issued in this case. For example, on June 30, 2011 we received Kyocera's production in response to a subpoena served by Apple. However, we were not notified of the subpoena prior to Apple serving the subpoena as mandated by the Fed. R. Civ. P 45(b)(1). Please provide us with a copy of the Kyocera subpoena, and confirm immediately that Apple has provided Elan with notice of all other third party subpoenas it has issued in this case. Further, we understand that Apple has contacted certain of Elan's customers regarding this case and Apple's asserted patents. Apple has not produced any such communications, despite being covered by several of Elan's document requests. Particularly, Elan's RFP No. 29 calls for Apple's communications with Elan customers or potential customers concerning Apple patents. In addition, RFP Nos. 12, 26 and 28 would also cover these documents. Please produce copies of all such communications immediately.

Best,

Jane
