Subject: amended pleading

Sean,

In an effort to streamline the case, Apple has decided not to pursue the '929 patent and intends to drop its counterclaim for infringement of the patent.

Apple also intends to add an allegation that Elan's infringement of the '218 and '659 patents is and has been willful based on discovery showing Elan's presuit knowledge and analysis of those patents.

Please let us know if Elan will oppose Apple's motion to amend its pleading along these lines and confirm that Elan will drop its declaratory judgment claim on the '929 patent.

Regards,
Sonal N. Mehta
