# RE: Reply to your "1988 Jeep Wrangler" Ad on Kijiji

No it actually doesn't keep failing the test, in fact the only reason I am selling it is because I have purchased something else and now my time will be spent on that. I am selling the Jeep as is so I would rather not pre-safety, I think all it will need is a new e-cable, everything else seems good on the Jeep.

Hello! The following is a reply to your "1988 Jeep Wrangler" Ad on Kijiji:

From: [longshotpictures@gmail.com](mailto:longshotpictures@gmail.com)

Would you sell this with a pre-safety? If so I would be interested... if it doesn't require anything with a heavy price tag (engine/transmission) then I would probably buy it... Providing it's never been in an accident. I'm guessing it keeps failing the test?
