Re: *Certain Electronic Digital Media Devices and Components Thereof*,
Inv. No. 337-TA-796

Dear Secretary Holbein:

Pursuant to Order No. 11 and on behalf of Respondents Samsung Electronics Co., Ltd., Samsung Electronics America, Inc., and Samsung Telecommunications America, LLC (collectively, "Samsung"), please find enclosed Samsung's Corrected Notice of Prior Art in the above-captioned investigation.

Please contact me with any questions regarding this filing.

Sincerely,

/s/ Patrick A. Fitch

**Before The Honorable Thomas Bernard Pender
Administrative Law Judge**

In the Matter of:

Certain Electronic Digital Media Devices and
Components Thereof

Investigation No. 337-TA-796

RESPONDENTS' CORRECTED NOTICE OF PRIOR ART

Respondents Samsung Electronics Co., Ltd., Samsung Electronics America, Inc., and Samsung Telecommunications America, LLC (“Samsung”) hereby submit this Corrected Notice of Prior Art in compliance with the requirements of Ground Rule 5 in this Investigation, consistent with the requirements of 35 U.S.C. § 282, and in accordance with the motion filed herewith. The attached exhibits set forth the prior art presently believed to be relevant to each of the Apple Patents-In-Suit. Specifically, Exhibit A lists the prior art for U.S. Patent 7,479,949; Exhibit B lists the prior art for U.S. Patent RE 41,922; Exhibit C lists the prior art for U.S. Patent 7,863,533; Exhibit D lists the prior art for U.S. Patent 7,789,697; Exhibit E lists the prior art for U.S. Patent 7,912,501; Exhibit F lists the prior art for U.S. Patent D 558,757; and Exhibit G lists the prior art for U.S. Patent D 618,678. Only Exhibits F and G, corresponding to U.S. Patent Nos. D 558,757 and D 618,678, have been corrected; Exhibits A-E are identical to those previously presented in Respondents' October 28 filing. Samsung reserves the right to rely on any prior art identified in the attached charts for any of the Apple Patents-In-Suit. Moreover, Samsung reserves the right to rely on any prior art cited on the face of any Patent-In-Suit, as well as any prior art raised during the prosecution (including any reissue and/or reexamination

proceedings) of any Patent-In-Suit, for any of the Apple Patents-In-Suit.

In addition, Samsung reserves the right to rely on the references listed in the exhibits, either singly or in any combination, to establish the invalidity and/or unenforceability of the patents asserted against Samsung in this Investigation. Samsung also notes that discovery in this matter is ongoing, including depositions of numerous witnesses Samsung seeks to take that have not yet been completed. Samsung accordingly reserves the right to amend this Notice as necessary based on further discovery and investigation, review of newly or yet-to-be produced documents, and the disclosures of witnesses not yet deposed. Samsung reserves the right to amend this Corrected Notice should undiscovered prior art come to light and to rely on any prior art identified by the Staff and/or Complainant.

Date: October 31, 2011

Respectfully submitted,

/s/ Eric Huang

Samsung's Notice of Prior Art
337-TA-796

Exhibit F - United States Patent No. D558,757

The following prior art is hereby *incorporated by reference* into this Notice of Prior Art related to United States Patent No. D558,757:

- All corresponding patent applications for every patent publication cited in this exhibit to the Notice of Prior Art.
- All corresponding patent publications for every patent application cited in this exhibit to the Notice of Prior Art.
- All English or non-English language references cited on any patent reference directly cited in this exhibit to the Notice of Prior Art.
- All family members of U.S. Patent No. D558,757.

I. Chart for U.S. Patents

| Country | Patent Number and Title | Inventor | Issue/Publication Date |
|---------|--|-----------------------|------------------------|
| U.S. | U.S. Patent No. D 262,151 – Compact for Cosmetics | Morris Sussman | 1981/12/01 |

| Prior Art Devices |
|---|
| Dell Axim X3 (September 2003) and all documents and things related to and/or describing the operation of that device, including source code, user manuals, technical specifications, development documents, and technical references. |
| Krome Spy (August 2005) and all documents and things related to and/or describing the operation of that device, including source code, user manuals, technical specifications, development documents, and technical references. |
| Palm Z22 (October 2005) and all documents and things related to and/or describing the operation of that device, including source code, user manuals, technical specifications, development documents, and technical references. |

V. Chart for Prior Inventors and People with Prior Knowledge

**Samsung's Notice of Prior Art
337-TA-796**

Exhibit F - United States Patent No. D558,757

Prior Inventors and Others Having Knowledge, Having Previously Used, or Previously Offered for Sale the Invention of the Patent In Suit

For each system, device, method, and/or invention disclosed in each domestic or foreign patent, patent application, or patent publication listed in the patent charts above, each person listed on the face of the document, each inventor, each prosecuting attorney or patent agent, and each person otherwise referred to by name in the intrinsic record.

For each system, device, method, disclosure, use, sale, offer for sale and/or invention disclosed in each reference listed in the non-patent publication chart above, the author(s) of the reference and each person listed by name in the reference.

For each prior art device disclosed in the prior art devices chart above, each person listed by name in the chart entry, and each person listed by name in or on the device or system, and each person listed by name in any manuals, literature, publications, or other references describing the system produced by any party or by a third party in this action.

Samsung's Notice of Prior Art
337-TA-796

Exhibit G - United States Patent No. D618,678

The following prior art is hereby *incorporated by reference* into this Notice of Prior Art related to United States Patent No. D618,678:

- All corresponding patent applications for every patent publication cited in this exhibit to the Notice of Prior Art.
- All corresponding patent publications for every patent application cited in this exhibit to the Notice of Prior Art.
- All English or non-English language references cited on any patent reference directly cited in this exhibit to the Notice of Prior Art.
- All family members of U.S. Patent No. D618,678.

I. Chart for U.S. Patents

| Country | Patent Number and Title | Inventor | Issue/Publication Date |
|---------|--|-----------------------|------------------------|
| U.S. | U.S. Patent No. D 262,151 – Compact for Cosmetics | Morris Sussman | 1981/12/01 |

V. Chart for Prior Inventors and People with Prior Knowledge

| Prior Inventors and Others Having Knowledge, Having Previously Used, or Previously Offered for Sale the Invention of the Patent In Suit |
|---|
| For each system, device, method, and/or invention disclosed in each domestic or foreign patent, patent application, or patent publication listed in the patent charts above, each person listed on the face of the document, each inventor, each prosecuting attorney or patent agent, and each person otherwise referred to by name in the intrinsic record. |
| For each system, device, method, disclosure, use, sale, offer for sale and/or invention disclosed in each reference listed in the non-patent publication chart above, the author(s) of the reference and each person listed by name in the reference. |
| For each prior art device disclosed in the prior art devices chart above, each person listed by name in the chart entry, and each person listed by name in or on the device or system, and each person listed by name in any manuals, literature, publications, or other references describing the system produced by any party or by a third party in this action. |
