#### THE GOOD

Wonderfully sleek and stylish design; unique and intuitive interface; supports OGG files and subscription content; includes FM radio, voice recorder, alarm clock, and SRS Wow sound effects; photo, video, and text viewing; great battery life.

#### THE BAD

Expensive; maximum capacity is 1GB; no autoplay; no album art; useful cradle is sold separately.

#### THE BOTTOM LINE

The pricey iRiver U10 is a superbly designed MP3 player that is both easy to use and packed with pretty much every feature in the book. But Apple won't be quaking in its boots until iRiver ups its capacity to 2GB and 4GB.
