Executive Vice President Won-Pyo Hong and Executive Vice President Don Ju Lee,

Please read this e-mail carefully. I am afraid the conversation might be running in place. The issue at hand is whether or not we need a separate Office of Development is prepared to make as many accommodations as possible, but still, you will have to have Sales and PM departments consult with the carrier to eliminate any time-consuming requirements.

I am not going to reiterate the tired complaint that it is unfair for them to do this to us when Apple is not required to make any customi[z]ations. I ask that you designate appropriate executives to sort out the issue.

Senior Vice President Byung Hwan Kim,

Please take a look yourself and figure how much work it's going to be. In any event, don't we have to make preparations in case we have to do this work? However, if this has a decisive impact on OS upgrades, it is best to resolve the issue through consultation with the carrier.

Vice President Han Gil Yoon,

Your attention on this matter is urgently needed as well.

Sincerely,

Dong Jin Koh

The carrier keeps making stronger and stronger demands.

Should you find that it is difficult to give support, please specify the answers to each of the following:

Translation

- Exactly how great the delay in the schedule for implementation is;
 - Rationale which explains whether our company's UX is better.
- So that our people, including Dong Seok Ryu, Lead, who are working hard on-site, to consult with carriers.
As you can see in the email thread below, the carrier is making very strong demands—so strong as to say that they would not even allow shipping into their Lab. Under the circumstances, I am at a loss for what explanation to use to convince them to use Samsung's UX.

From: Hyun Wook Park, Senior | North America R&D Team

How are you, Mr. Sul!

I am Park Hyung Wook of North America R&D Team.

As you see in the email thread below, because the [REDACTED] that has continually requested have to all be applied for models to be released through at&t in 2012,

[REDACTED]

Of these, except for the issue of font size change, all have been applied in [REDACTED] either as a common concept or as an att feature.

Translation

By contrast, in the case of [REDACTED] it appears that 3 issues still have not been implemented, judging from the binary used in the European open model.

For each issue, I updated the attached Excel spreadsheet with information on whether or not it has been reflected, along with comments. Note that some of these issues are shown as implemented as a common concept, but in reality they are not implemented. These need to be verified by the Platform side, and I request hereby accordingly.

Particularly regarding the [REDACTED] in the attached file, I request that you update the file with information on whether they have been implemented on Galaxy note and, in the case of platform implementation issues, the date when revision can be made.

Thank you.

To: Alex, Associate | Product Planning Team

How are you?

The items below have been issues since Dempsey, and in May, the R&D Management Group even convened a big meeting with representatives of all the relevant departments participating.

We have continued to receive, and responded to, multiple verification requests subsequently, however.

I cannot help thinking that the discussion keeps running in place ... perhaps because the communication among UX, Product Planning, and Platform has not been timely shared with us.

I hope that we share information better so that we can address and resolve issues better together.

Thank you.

Dear Dong Seok Ryu (Lead),

Consequently, we have put forth great effort into R&D to expedite the timetable. Moreover, Sales, Corporate, and Product Planning have expressed high hopes for this main project.

It is my working-level opinion that at this point we cannot have any risk factors that might threaten the release date of this and future projects.

After verifying with Seung Hun Yoo (Lead), Platform and North America US have started a discussion regarding this matter. Since the carrier are very adamant about their position, it would be best to steer towards granting their requests as much as possible and to come up with an agreement between Platform UX and North America UX specifications.

Thank you.

Hello.

[Redacted]

We are well aware that our SW Team of Headquarters is working hard in attending to the efficiency matters for Platform. In addition, we consider the Platform efficiency to be the right course of action and are cognizant of the resulting changes to the operational system. However, the email and calendar are something that are frequently used and are taken very seriously by the Americans in the real world. Please accept and listen to the carrier's overall conclusion and its request to follow their requirements.

If then, who will take responsibility?

Please take this situation seriously, and come up with a solution as soon as possible. Attached are the guidelines that have been elevated to requirements for your review.

동 건 관련 사업자의 요청은 날이 갈수록 강도를 더해가고 있습니다.

만약에라도 지원이 어렵다면 구체적으로 항목별로

-구현에 일정이 구체적으로 어느 정도 지연됨
-당사의 UX가 더 좋지 설명할 수 있는 로직은
제공을 해주셔야 현지에서 열심히 뛰고 있는 류동석 책임 등이 사업자와 협의를 할 수 있습니다.

하기 메일에서 보시듯이 사업자의 요청이 상당히 강하고, 아예 Lab임고도 안시켜주겠다는 초강수를 두고 있는데
우리는 단순히 삼성의 UX를 써라라고 어떻게 설명을 할지 난감합니다.

안녕하세요, 책임님
미주개발팀 박현욱입니다.

아래의 메일과 같이 2012년에 at&t로 출시되는 모델들에 대해서

[REDACTED]

[REDACTED]

이 중 Font size 변경 이슈를 제외하 [REDACTED] 공통컨셉으로는 att feature로든 모두 적용 되었습니다.

하지만 [redacted] 링크 open 바이너리로 확인해본 결과 3개 이슈가 적용되지 않은것으로 보입니다.

각 이슈에 대해 현재 수정여부 및 comment를 첨부 엑셀파일에 update 하였습니다.
이 중 일부이슈는 공통컨셉으로 반영되었으나, 실제로는 구현이 되어있지 않는 등,
platform쪽의 확인이 필요한 이슈들이 있어 확인을 요청드립니다.

첨부파일의 [redacted] Galaxy note의 수정여부와, platform 구현 이슈의 경우 수정가능 날짜를
업데이트 부탁드립니다.

감사합니다.

수신 : 알렉스 사원 | 상품기획팀

안녕하세요,

아래의 이슈들은 Dempsey 때부터 이슈화 되어, 지난 5월에는 개발관리그룹 주최로
각 부서에서 참석하여 대대적으로 회의까지 했었던 내용입니다.
이후에도 여러차례 같은 확인요청이 들어와서, 답변을 여러차례 드렸었는데
UX/상품기획/Platform 간에 주고받으신 내용이 저에게 까지 전달이 되지 않아서 그런지..
항상 제자리에서 반복하고 있다는 느낌이 듭니다.
정보 공유가 더 잘된다면, 이슈 대응 및 해결에 더욱 도움이 되지 않을까 생각합니다.
감사합니다.

안녕하십니까.

미주 SW 개발그룹 김응도 수석입니다.

[REDACTED] 에서도 이미 겪은 사항이지만 사업자의 요구 강도가 매우 큰 상황이어서 이제는 [REDACTED] 관겠다는 것으로 보입니다.

감상인 책임(EAS), 감상섭 책임(Calendar)께서는 Platform 담당자 및 UX 담당자와 의논하여 R&R 을 설정하시고 진행 경과를 알려주시기 바랍니다.

감사합니다.

류동석 책임님,

최재구 전무님, 박길재 전무님 이하 개발 임원 제위 수신처에 추가해 답신드립니다.

[REDACTED]

따라서 일정을 최대한 압축하기 위해 개발에서 최선의 노력을 경주 중이며, 영업, 법인, 상품기획에서도 큰 기대를 걸고 있는 주요 과제입니다.

제 실무 의견일 뿐입니다만, 현 시점에서 본 과제 및 향후 과제의 출시 일정을 위협할 수 있는 어떤 잠재요소도 있어서는 안될 것이라 생각합니다.

유승현 책임님과 확인한 결과, 본 사안에 대해 Platform과 북미 UX간 이미 논의가 진행중이라고 들었습니다.

사업자가 매우 강경한 입장을 취하고 있는 만큼, 아직 촉박하나마 시간이 있을 때 요청 사항을 최대한 수용할 수 있는 방향으로 Platform UX와 북미 UX 사양 간 합의점이 도출된다면 좋겠습니다.

감사합니다.

+ Adding GA Lab + Android UX team

수신 : HQ,ATT PP, GA Lab 외

발신 : 류동석 책임 / MNO's Lab

안녕하세요.

[REDACTED]

본사 SW team에서 여러가지 Platform 효율화를 위해서 고생하고 계신 것을 현지에서도 잘 알고 있습니다. 또한 플랫폼 효율화는 맞는 방향이라 생각하고 이로 인한 업무체계의 변화도 알고 있습니다. 하지만, E-mail과 Calendar는 미국사람들이 가장 심각하게 현실 세계에서 밀접하게 사용하고 있는 상황입니다. 사업자에서 종합적인 결론을 가지고 이것 만은 지켜달라고 하는 내용을 받아들이고 귀 기울여 주셨으면 좋겠습니다.

[REDACTED]

대응은 누가 지실지 걱정이 됩니다.

이 상황을 심각히 보시고, 향후 진행에 참고해 주시고 조속히 해결방안을 만들어 주시면 좋겠습니다. 첨부는 기존까지는 Guideline이었다가 Requirement로 격상한 내용이오니 확인 부탁 드립니다.

감사합니다.
류동석 드림.
