Loaded with Multimedia and Entertainment Features

Having the Droid Charge is like having your own portable entertainment headquarters. You'll have access to Samsung Media Hub with tons of hit movies and TV shows. You can enjoy fast-paced video games with no lag time. There is an expansion slot that increases your storage capacity to 32 GB, for storing all your favorite movies, songs, and games.

Slim Design – Easy to hold with a streamlined form factor

The Charge is slim and stylish, and not at all bulky like so many other smartphones. It fits easily into a pocket or purse. Its thin, elegant design is also easy to carry while jogging or exercising to enjoy your favorite music.

4.3" Super AMOLED Plus Touch Screen Display

Samsung is clearly the world leader in screen technology. This large 4.3" Super AMOLED™ Plus screen will amaze you with its vivid color and brilliant detail. The contrast and brightness are richer and more true to life than other leading smartphones. Your videos will be more enjoyable, and video games will be more exciting to play – even in full daylight.

LTE is a trademark of ETSI. 4G LTE as used in connection with the Droid Charge by Samsung refers to the Droid Charge operating on Verizon Wireless 4G LTE network. Coverage not available everywhere. DROID is a trademark of Lucasfilm Ltd. and its related companies. Used under license. Android, Google Maps, Google Goggles, and Android Market are trademarks of Google, Inc. Talk times will vary depending on phone usage patterns and conditions. Battery power consumption depends on factors such as network configuration, signal strength, operating temperature, features selected, vibrate mode, backlight settings, browser use, frequency of calls, and voice, data, and other application usage patterns. Screen images simulated. Appearance may vary.
