The Nation's Thinnest 4G Smartphone

The Infuse 4G is Samsung's thinnest smartphone at just 8.99 mm at its thinnest, so it's easy to slip into a purse or pocket. You'll have access to over 150,000 Android apps, allowing you total freedom to create your own customized collection of apps to fit your individual lifestyle.

Large 4.5" SUPER AMOLED™ Plus Touch Screen Technology

To a smartphone, the screen is critical. The Infuse™4G gives you the largest touch screen on any Samsung phone. Samsung screens have a reputation for brilliant color, and the Infuse 4G's 4.5" Super AMOLED™ Plus screen exhibits our latest innovations. The screen gives you a full spectrum of rich, vivid color with high color contrast, for an incredible cinematic experience. The screen's amazing luminance allows you to easily read the display even in daylight. With its brilliant color and thin design, the Infuse 4G is fantastic for social messaging, outstanding browsing and entertainment on-the-go.

Full Suite of Entertainment ON-THE-GO Including Media Hub

With the Infuse 4G, you're only seconds away from being able to watch hit movies and TV shows from Samsung Media Hub. It's your best entertainment experience on-the-go in a handheld device. And there is a 2GB microSD card that comes pre-loaded with this summer's hottest movie trailers. With the brilliant color and sound, videos and TV shows come to life. Once you choose a movie or show to watch, the content can be shared with up to four other devices.

You also get a free \$25 Media Hub movie credit from Samsung with your Infuse 4G phone purchase, good towards movie rentals or purchases. [Read about the Media Hub credit, details and restrictions.](#)

8.0 MP Rear-Facing Camera with LED FLASH & 1.3 MP Front-Facing Camera

The Infuse 4G has an incredible 8.0 Megapixel rear-facing camera with LED flash and auto-focus. It shoots 720p HD video with incredible detail! Now you can send stunning photos and videos to friends, and have high quality images to share with your social network. There is also a 1.3 Megapixel front-facing camera for video chats.
