Apple filed a motion regarding sealing issues related to August 3 witness examinations. The motion raises four specific exhibits that were addressed in Apple’s earlier filed motion to seal confidential trial exhibits (Dkt. No. 1495). Apple requests that the Court issue an order accepting Apple’s proposed redactions of PX102 and PX103 and directing Samsung to enter into evidence only those pages of DX617 and DX767 about which it specifically questions Mr. Schiller. Apple’s request is granted.

- Exhibits PX102 and PX103 will be sealed in part, consistent with the proposed redactions Apple lodged with the Court on July 31.
- Only the pages of DX617 and DX767 about which Samsung specifically questions Mr. Schiller will be entered into evidence.

DX534 and DX774-76 shall not be used in the examination of Mr. Schiller as they were not timely disclosed.

IT IS SO ORDERED.
