14 Q. Anything specifically aside from the no  
15 keyboard and double tapping that you can recall?

16 A. They copied many of the icons we created.  
17 They copied them blatantly and directly.

18 So one of the specific ones that we had  
19 talked about was the icon used to merge calls, and  
20 when you're on a phone call and another phone call  
21 comes in, you might want to merge those two calls.
