Ketan,

Now that you've had a chance to inspect the replacement device for JX1038, we'd like to substitute it for the original JX1038. The original device has the blue glow design around that has been excluded from the case by Judge Grewal. I did not hear back from you regarding my request for Samsung's basis for its continued objection to the replacement device. If you would articulate the basis for Samsung's objection, we may be able to narrow the issues regarding this substitution. Please let me know by this evening so that we can have this issue ready for resolution by the Court tomorrow morning.

Best regards,

Matt

Ketan,

We can make the device available at the Marriott. Once you confirm, Ed Sittler will bring JX1038 and meet you in the lobby at 1:00.

Matt,

Samsung objects to the replacement of JX1038 as untimely. Without waiving that objection, we would like to inspect the proffered device at 1 pm today.

Thanks,

Ketan

Ketan,

We inadvertently included as JX1038 the incorrect device.
The correct JX1038 is now available for inspection.
Please let me know if you would like to inspect it.

Best regards,

Matt
