

EXHIBIT 1

Jeff Johnson's Curriculum Vita

President and Principal Consultant, UI Wizards, Inc.

Contact Information:

231 Moscow St.
San Francisco, CA 94112
Home, work (415) 586-5285
E-mail: jjohnson(at)uiwizards(dot)com
Web: www.uiwizards.com

Education:

Yale University: 1970 - 1974
Degree: B.A.
Major: Psychology (experimental)
Additional Studies: Computer Science

Stanford University: 1974 - 1979
Degree: Ph.D.
Department: Psychology (developmental, experimental)
Additional Studies: Computer Science

Employment History (most recent first):

July, 1996 - Present: UI Wizards, Inc., a product usability consulting firm

Position: President and Principal Consultant
Duties: Manage company. Perform product usability design, evaluation, testing, and training for clients. Write software design books.

Product Industries of Clients:

- CAD: Engineous
- Consumer Electronics: OpenWave, NetGear, Phone.com, Samsung
- Database: Informix, Oracle, Public Health Institute, RightPoint, Viador
- Education: Copperman Software
- Energy: Exxon Mobil Upstream Research Company
- Enterprise Productivity: Oracle
- Financial: Algorithmics, Tibco
- Games: Advance Reality, There
- Law Enforcement: Forensic Logic
- Medical: Scheduling.com
- Middleware: Vitra, Tibco
- Instrument Control: Bio-Rad, Euphonix
- Insurance: ClaimIQ

- Computer Security: TrendMicro
- Online Search: Virtual Synaptics
- Social Networking: AT&T Labs, iMeem, There
- Software development: CollabNet, Sun Microsystems, Object Technology Int'l, Macromedia, InXight
- System/server administration: NetLatency, Quantum, VMware
- Telecoms: Aspect Telecoms, AT&T Labs, Phone.com
- General website design: Chroma Design, eHealthInsurance, Sapient, Fujitsu

November, 1994 - July, 1996: Sun Microsystems / SunSoft Developer Products (Menlo Park, CA)

Position: Staff Engineer, Human Interface

Duties: Designed and evaluated user interfaces for software programming tools. Educated software engineers about user-interface design issues and guidelines. Conducted usability testing. Helped manage a summer intern laboratory assistant.

June, 1993 - October, 1994: Sun Microsystems / First Person (Palo Alto)

Position: Staff Engineer, Human Interface

Duties: Responsible for usability of user interfaces for consumer electronics and interactive TV product prototypes that were precursors of Sun's Java product. Designed and evaluated user interfaces. Established and operated a usability testing lab. Conducted usability testing. Managed a laboratory assistant.

November, 1988 - June, 1993: Hewlett-Packard Laboratories (Palo Alto, CA)

Position: Member of Technical Staff, Software Technologies Laboratory

Duties: Human-computer interaction research. Member of a team developing an application-development environment for use by end-users as well as programmers. Member of a task-force on handheld computer-based appliances for non-technical consumers. Member of a project to develop systems to support people in businesses in working together over long distances.

March, 1987 - November, 1988: U S West Advanced Technologies (Denver)

Position: Member of Technical Staff, "Advanced User Interfaces" Group, Science and Technology Research Lab

Duties: User-studies using prototype systems to derive principles of user-interface design and to examine new user-interface technologies. Included research on user-interface modes and on proper design of information services and terminals for the general public. User-interface design consulting. Training programmers in principles of user-interface design.

March, 1984 - March, 1987: Xerox Information Systems (Sunnyvale, CA)

Position: Development Team Leader; User Interface Designer

Duties: Design and implementation on various projects related to enhancing the Star/ViewPoint office computing system for electronic publishing applications. Designed and led implementation of a Stylesheets facility for the ViewPoint document editor. User-interface designer for most of the ViewPoint 2.0 enhancements.

October, 1978 - February, 1984: Cromemco, Inc. (Mountain View, CA)

Position: Software Engineer and Engineer Manager

Duties: Designing and implementing applications software (word processing, statistical analysis, graphics), designing keyboards, developing user-interface standards, designing user-interface toolkits, writing documentation, managing software engineers, LISP support.

Summer, 1973 and 1974: Jet Propulsion Laboratories, Pasadena, CA

Position: Programmer

Duties: Software development for Viking and Mariner data analysis.

Teaching Experience:

- Erskine Fellow, Computer Science and Software Engineering Department, University of Canterbury, New Zealand (Winter Semester 2006).
- Visiting Assistant Professor, Math and Computer Science Department, Mills College (Spring 2003).
- Part-time lecturer, Computer Science Department, Stanford University (1997-1998).
- Full-day statistics tutorial, ACM CHI'95 Conference, Denver, CO, 1995.
- Teaching Assistant, Stanford University Psychology Department, 1974-1978.

Invited Presentations:

- ACM SF Bay Area Chapter: Cupertino, CA, July 2011.
- Mills College, Computer Science and Psychology Departments: Oakland, CA, March 2011.
- Center for Technology Innovation, University of Wisconsin at Milwaukee: Milwaukee, WI, Jan 2011.
- Opening Keynote: UX Prague 2010, Prague, Czech Republic, June 2010.
- Keynote: Expo:QA 2009, Madrid, Spain, Oct 2009.
- Software Test & Performance 2009 Conference (STPcon 2009), San Mateo, CA, 2009.
- Opening Keynote: FutureTest 2009 Conference, NY, NY, 2009.
- Opening Keynote: Yggdrasil 2008 Conference, Lillehammer, Norway, 2008.
- User Experience Russia 2008 Conference (UXR 2008), Moscow, Russia, 2008.
- Usability Professionals Conference (UPA 2008), Baltimore, MD, 2008.
- Software Test & Performance 2008 Conference (STPcon 2008), San Mateo, CA, 2008.
- Computer Society of South Africa, Johannesburg, South Africa, 2008.
- University of South Africa, Pretoria, South Africa, 2008.
- Opening Keynote, CHI New Zealand (CHINZ) conference, Christchurch, New Zealand, 2006.
- Opening Keynote, Society for Technical Communication Trans-Alpine Chapter 2004 conference, Vienna, Austria, 2004.
- PARC Forum, Palo Alto, CA, 2003.
- Opening Keynote, Winwriters 2003 Online Help conference, Seattle, WA, 2003.
- Computer Science Department, University of California, Berkeley, CA, 1999, 2000, 2002.
- Computer Science Department, Stanford University, CA, 1993, 1994, 1995, 1996, 2000, 2001, 2002.
- Computer Science Department, University of San Francisco, CA, 1996, 2000, 2002, 2004.
- Computer Science Department, Cal. State University, San Francisco, CA, 2001, 2002.

- Mathematics and Computer Science Department, Cal. State University, Hayward, CA, 2000, 2002.
- Computer Science Department, Mills College, Oakland, CA, 2001, 2002.
- Computer Science Department, McPherson College, KS, 1998.
- Computer Science Department, Bethel College, KS, 1998.
- Computer Science Department, Tabor College, KS, 1998.
- ACM SIGCHI'97 Conference, Atlanta, GA, 1997.
- Department of Informatik and Mathematik, University of Bremen, Germany, 1994.
- Department of Informatik and Mathematik, University of Paderborn, Germany, 1994.
- Psychology Department, University of Colorado, Boulder, 1987.

Subjects Taught:

User Interface Design, User-Interface Frameworks and Components, Usability Testing, Statistics, Cognitive Psychology, Developmental Psychology.

Implementation & Prototyping Experience:

- *Programming languages:* Java, C++, Mesa, C, LISP, Z-80 assembler, SAIL, APL, FORTRAN, BASIC.
- *Web tools:* HTML, CSS.
- *Desktop UI tools:* UIM/X, XDesigner, InterViews, Motif, Director, Symantec Visual Cafe.
- *Wireframing tools:* OmniGraffle, Photoshop, Word and Powerpoint graphics.
