

EXHIBIT 42-3

Construction begins for Mombasa Reef
 Construction begins for Mombasa Reef, a new marine park in the Indian Ocean off the coast of Kenya. The park will be the largest of its kind in the world and will cover an area of 1,000 square kilometers. The park will be managed by the Kenyan government and will be open to the public in 2015.

Scientists praise plan with
 Scientists praise the plan to create a new marine park in the Indian Ocean off the coast of Kenya. The park will be the largest of its kind in the world and will cover an area of 1,000 square kilometers. The park will be managed by the Kenyan government and will be open to the public in 2015.

Real wins on first ballot
 Real wins on first ballot in the election for the new mayor of the city. The incumbent mayor, John Doe, was defeated by the challenger, Jane Smith, who won 55% of the vote.

Special report
 Special report on the impact of climate change on the world's oceans. The report shows that rising sea levels and ocean acidification are causing significant damage to marine ecosystems and are threatening the livelihoods of millions of people who depend on the ocean for their food and income.
