**Disappointed**, October 15, 2010

**Amazon Verified Purchase** [\(What's this?\)](#)

This review is from: **Apple iPhone 3G 8GB - Black (Refurbished) (Wireless Phone)**

**Accessory)**

While item is in working condition, by "refurbished to manufacturer" standards, I assume the phone would look as if it had not been used. Unfortunately, the bezel of the phone is extremely scratched, as is the back. Also, the "home" button is harder to press than should be. Again, the item is functional, but don't be fooled by terminology of the seller. My item came in USED condition.

**This review is from: Apple iPhone 3G 8GB - Black (Refurbished) (Wireless Phone Accessory)**

Bought the phone in plans to use overseas. The phone is great but when they said that it was unlocked it wasn't for out of USA plans. The product is a little wierd as the back button has to be pushed really hard to get it to function properly. The manual doesn't explain a whole lot and technical support is nonexistent. But once it gets working pretty good overall.
