Re: *Apple v. Samsung*, Case No. 11-cv-1846-LHK (PSG) (N.D. Cal.)

Dear Rachel:

Apple hereby produces for Samsung's inspection:

- A computer running Mac OS 10.0;
- Mac OS 10.0 and 10.0 source code; and
- Mac System 7.5 source code.

The materials are available for Samsung's review upon reasonable notice at a mutually convenient time. Apple also reminds Samsung, as disclosed in my October 8, 2011 letter to Sara Jenkins, that source code files in native and PDF format are also available for inspection, in our Palo Alto offices.

Please let me know when Samsung would like to inspect any or all of these materials.

Sincerely,

/s/ Mia Mazza
