Faster Downloads, Uploads and Web Browsing at 4G Speeds

You're never without a range of instant and endless entertainment options when you have your Galaxy S™ 4G. Download and immediately start watching all your favorite movies and TV shows from the Samsung Media Hub. Video games and websites with Flash content are never a problem. With expandable memory of up to 32GB and a larger battery, you will easily have plenty of space and time to enjoy all your favorite pictures and media.

Video Chats without Buffering

Stay constantly connected with friends and family from practically anywhere, thanks to the front facing camera with QIK, the popular video chat app from Skype specifically for Android OS based devices. And there's no need for any buffering with T-Mobile's all new 4G network, perfect for video chats. The Galaxy S™ 4G's 5.0 Megapixel rear facing camera shoots sharp photos and HD videos with excellent resolution.

Green guides show you the way

In an effort to provide our customers with the latest in technology and the best user-experience, we've provided an new environmental-friendly alternative to a printed paper guide. Virtual Guides provide a "one-stop" support experience with everything from User Guides, Support Videos, Commercials, and Simulations. Take the our next step in going green.
