INNOVATIVE AUTOMATION, LLC,
Defendant.

As of December 1, 2011, all parties who had appeared in the above-captioned patent cases had consented to magistrate judge jurisdiction, and, as a result of a related case ruling by the undersigned, all were assigned to this court. All were then consolidated for purposes of claims construction, and this court issued a scheduling order.¹

However, upon plaintiff's motion this court permitted the filing of a First Amended Complaint in action C11-03410 that added additional defendants. Some of these defendants have appeared in the action and filed a declination to proceed before a magistrate judge. Accordingly, Innovative Automation, LLC v. Mediatechnic Solutions, et al., C11-03410, is hereby severed from the other consolidated cases so that it may be reassigned to a district judge.

IT IS SO ORDERED.

Dated: January 18, 2012

HOWARD R. LLOYD
UNITED STATES MAGISTRATE JUDGE

¹ Innovative Automation v. Primera, C11-03409-HRL, was also consolidated for claims construction, but since then it has settled and been dismissed,
