

1 2015 deadline to submit a joint case management statement and the subsequent April 21, 2015
2 case management conference date before the Honorable Howard R. Lloyd.

3 Good cause exists for resetting the filing of the joint case management statement and
4 subsequently continuing the deadline of the case management conference as Plaintiff has
5 sought out legal assistance through the recommended FLASH program, yet the program is
6 unavailable until the beginning of April 2015 for such cases. Plaintiff requests the date to file
7 the joint case management statement be continued to May 26, 2015 and case management
8 conference reset to June 2, 2015, to give reasonable time to obtain the Court's recommended
9 legal assistance and file the anticipated statement.

10 Plaintiff has filed a signed declaration in support of this stipulation with the court.

11 There are no other pending matters before this court.
