▼ **Why did I see my friend's name or photo attached to an ad?**

With [Facebook Ads](#) for Pages, Events and Apps, you may see stories about actions your friends have taken on Facebook attached to ads you see. For example, you might see a story about a friend who already likes a Page that you're seeing advertised. Similarly, your friends might see stories about you that relate to the ads they're seeing. Such stories will only be shown to friends, and will adhere to any privacy settings you've set for your account.
