STIPULATION TO CONTINUE DEADLINES FOR EXPERT DISCLOSURES

- 1. The last date for the service of expert designations (with reports) is currently November 19, 2013;
- 2. The last date for the service of rebuttal expert designations (with reports) is currently December 3, 2013;
- 3. At the mediation on October 28, 2013, San Benito Supply was informed that KISAQ-RQ 8A 2 JV intends to pursue approximately \$395,000 in delay damages and liquidated damages;
- 4. As the issue of delay and liquidated damages had been raised prior to mediation, San Benito Supply already had served its third request for production of documents with regard to scheduling, delay damages, and the potential liquidated damages. On October 29, 2013, counsel represented that KISAQ-RQ 8A 2 JV would produce the documents requested by San Benito by November 15, 2013. The production of these documents is from many sources and is expected to be voluminous;
- 5. San Benito Supply, Frazier Masonry Corporation, and KISAQ-RQ 8A 2 JV, all need to retain experts on scheduling and delay issues. The scheduling and delay experts will need to review and analyze the documents KISAQ is producing and then develop the reports required to be exchanged. This work cannot be performed in the limited amount of time between the expected production of KISAQ-RQ 8A 2 JV's documents on November 15, 2013 and the service of the designations with reports, currently due on November 19, 2013.
- 6. The parties, through their attorneys of record, hereby stipulate to the continuance of the service of expert designations (with reports) deadline from November 19, 2013 to December 19, 2013.
- 7. The parties, through their attorneys of record, hereby stipulate to the continuance of the rebuttal expert designations (with reports) deadline from December 3, 2013 to January 3, 2014.
- 8. This stipulation may be executed by fax or email and that fax or email signature will be treated as an original for all purposes.

1	9. This stipulation may be executed in counterparts, and that all executed		
2	counterparts will be taken together and treated as one full and complete document.
