

# EXHIBIT C

I, Stephanie Bariault, declare and state as follows:

1. I am the Vice President of Operations for HTC America, Inc., a defendant in this action and an indirect, wholly owned subsidiary of HTC Corp., also a defendant in this action. My office is located in Bellevue, Washington. I provide this declaration in support of Defendants HTC Corporation's and HTC America, Inc.'s Motion to Transfer Or, In The Alternative, Stay. Unless otherwise stated, I have personal knowledge of the facts set forth in this declaration and if called as a witness, I could testify competently thereto.

2. HTC Corporation ("HTC Corp.") is a Taiwanese company with its principal place of business in Taiwan, ROC. HTC America, Inc. ("HTC America") is incorporated in the State of Washington and has its principal place of business in Bellevue, Washington.

3. HTC America markets and sells mobile communications devices that are manufactured by HTC Corp. in China and Taiwan.

4. HTC Corp.'s sales, marketing and product-support activities for the United States market are managed from the HTC America headquarters in Bellevue, Washington.

5. HTC Corp. has no offices in the Eastern District of Texas and no offices elsewhere in the United States.

6. HTC America has no office in the Eastern District of Texas.

7. It is my understanding that Plaintiffs have alleged that certain of HTC's "Mobile Communications Devices" ("accused products") infringe certain asserted patents.

8. HTC America has approximately 250 employees who work in or near its headquarters in Bellevue, Washington, many of whom are involved in projects relating to the accused products. The research, design, and development for each of these accused products

took place in Taiwan. HTC America maintains business documents and records relating to the marketing and sales of these accused products in Bellevue, Washington.

9. HTC Corp. maintains business documents and records relating to the research, design, marketing, sales and development for these accused products in Taiwan. Decisions regarding marketing of these products occurred in Bellevue, Washington. I am aware that design documents that relate to HTC's accused mobile devices are maintained in San Francisco, California; Seattle, Washington; Bellevue, Washington; and Taiwan. To the best of my knowledge, HTC has no corporate repository of any of the above documents in Texas.

10. HTC America has employees outside of Bellevue, Washington, including in California. HTC America does not have any employees in the Eastern District of Texas or anywhere else in Texas that have any responsibility related to research, design or development of the accused products. HTC America is not aware of any employee with any unique information relevant to this case that resides in the Eastern District of Texas or anywhere else in Texas.

11. HTC America currently has two affiliated facilities in California. To the best of my knowledge, approximately 35 people work in these two facilities. The majority of these employees focus on the industrial and usability design for HTC mobile devices. The San Francisco Bay Area facilities also have design documents related to HTC products.

12. HTC America routinely conducts business in the San Francisco Bay Area, which is located in the Northern District of California. For example, HTC America has worked with, and continues to work with, Google in developing and supporting the accused products. It is my understanding that the Google Android operating system is contained in all of the accused products. Google is located in Mountain View, California. HTC America employees frequently travel to Mountain View to meet with Google employees, and HTC America employees

otherwise conduct business with Google employees located in Mountain View. It is my understanding that documents related to the Android operating system are located in Mountain View.

13. HTC Corp. does not operate any retail stores in the United States. HTC Corp. does not sell the accused products directly to any end-user consumer in the United States. HTC Corp. does not ship its products directly to any individual retail store in any state, including Texas. In the United States, HTC Corp. sells mobile phones only to HTC America, Inc., which sells the devices to distributors, carriers and third-party vendors in the United States, including those located in the Northern District of California.

14. Most of the HTC engineers who work on developing, manufacturing and supporting HTC's mobile devices, including those who work on hardware and software design, work and live in Taiwan. A comparatively small number of such engineers work in the state of Washington. A relatively small number of engineers also work out of their homes close to customer locations in different parts of the United States. To my knowledge, no HTC engineers work in Texas.

15. HTC America employees working in or near HTC America's headquarters in Bellevue, Washington, have knowledge regarding marketing, distribution and sales of HTC's mobile devices; and are foreseeable witnesses in this case. Almost all of the HTC America officers and employees who could testify to such matters, including executives and marketing personnel, are located in Washington. None of the officers or employees who could testify to such matters are located in the Eastern District of Texas.

16. In my capacity as Vice President of Operations at HTC America, I am a foreseeable witness in this case and could testify competently regarding the operations of HTC

America. I have knowledge regarding HTC's supply chain planning and customer support for HTC products in the United States. I also have a general understanding of how HTC America designs, markets, distributes and sells mobile phones. It is my understanding that these topics are likely to be the subject of discovery and/or trial.

17. Attached hereto as Exhibit 1 is a true and correct copy of a KAYAK estimate of travel times from Seattle-Tacoma International Airport ("SEA") to Dallas/Fort Worth International Airport ("DFW"), sorted by quickest route.

18. Attached hereto as Exhibit 2 is a true and correct copy of a Google Flights estimate of travel times from SEA to Shreveport Regional Airport ("SHV"), sorted by quickest route.

19. Attached hereto as Exhibit 3 is a true and correct copy of a KAYAK estimate of travel times from SEA to airports in the San Francisco Bay Area, sorted by quickest route.

20. Attached hereto as Exhibit 4 is a true and correct copy of a KAYAK estimate of travel times from airports in the San Francisco Bay Area to DFW, sorted by quickest route.

21. Attached hereto as Exhibit 5 is a true and correct copy of a KAYAK estimate of travel times from airports in the San Francisco Bay Area to SHV, sorted by quickest route.

22. Attached hereto as Exhibit 6 is a true and correct copy of a Google Maps estimate of travel time from DFW to the Marshall Division Courthouse of the Eastern District of Texas, located at 100 East Houston Street, Marshall, Texas, 75670 ("Marshall Courthouse").

23. Attached hereto as Exhibit 7 is a true and correct copy of a Google Maps estimate of travel time from SHV to the Marshall Courthouse.

24. It is more convenient for me and any other witnesses from the Seattle/Bellevue area to appear at trial in the Northern District of California than in the Eastern District of Texas.

I will experience a shorter travel time if this case is transferred to the Northern District of California and will not have to change time zones when I travel to trial. Both Bellevue and Oakland are located in the Pacific Time Zone. Marshall is two time zones away from Bellevue in the Central Time Zone. Based on the information contained in the exhibits attached hereto, travel time from SEA to the Marshall Courthouse is at least four hours longer than the travel time to the Oakland Courthouse, where the action captioned *Google, Inc. v. Rockstar Consortium US LP, et. al*, NDCal Case No. 3:13-cv-5933, is pending. This estimate does not include the time required to rent a car for the trip from DFW or SHV to the Marshall Courthouse, while taxi service is readily available from OAK or SFO to the Oakland Courthouse.

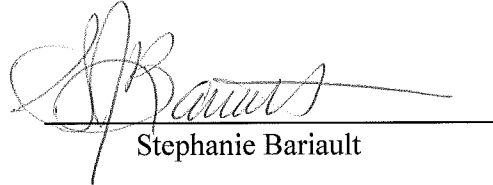

25. It is also more convenient for witnesses in the San Francisco Bay Area to appear at trial in the Western District of Washington than in the Eastern District of Texas. Based on the information contained in the exhibits attached hereto, travel time from the San Francisco Bay Area to the Marshall Courthouse is at least three and a half hours longer than the travel time to the Seattle Courthouse. This estimate does not include the time required to rent a car for the trip from DFW or SHV to the Marshall Courthouse, while taxi service is readily available from SEA to the Seattle Courthouse.

26. The Western District of Washington is more convenient for me and other HTC America employees who live and work near the HTC America headquarters in Bellevue, Washington. Bellevue is a suburb of Seattle and is within the Western District of Washington.

27. If called as a trial witness, I would make every effort to remain engaged in my everyday job responsibilities during the time of trial. Conducting a trial in the Northern District of California or in the Western District of Washington would result in less travel and other time

away from my office in Bellevue, Washington, than if the trial is conducted in the Eastern District of Texas.

I declare under penalty of perjury under the laws of the United States that the foregoing is true and correct. Executed this 26<sup>th</sup> day of March 2014, in Bellevue, Washington.

  
Stephanie Bariault

\* Prices are per person and are for e-tickets and include all taxes & fees in USD.

We make every attempt to get accurate prices, however, prices are not guaranteed.

<sup>^</sup> The fares displayed in KAYAK ads found on other sites include all taxes and fees for economy class travel and were found by KAYAK users in the last 72 hours. Seats are limited and may not be available on all flights and days. Fares are subject to change and may not be available on all flights or dates of travel. Some carriers charge additional fees for extra checked bags. Please check the carriers' sites.

<sup>†</sup> Hacker Fares look for better round-trip deals by combining two tickets issued by different airlines for each direction of travel. Because two tickets will be issued, different rules and policies (for example, for baggage fees, change fees, and refunds) may apply in each direction. Any changes made to one of your tickets will not affect the other ticket (for example, if your initial flight is cancelled by either you or the airline, the other airline with which you booked your return flight is not obligated to issue a refund or change your itinerary). You are responsible for complying with each airline's terms and conditions, which may differ (for example, check-in times and limits on baggage size/weight). Please carefully review the details of each airline's contract before booking, and ensure that you complete the booking requirements for both tickets. Because fares change frequently, please check that both of the listed fares are still available before proceeding with your bookings. If you are traveling internationally, you may need to provide proof that you have a return flight at check in and at immigration. You may want to print both of your e-ticket confirmations before starting travel.

<sup>§</sup> The rates displayed include all taxes and fees for car rentals for the class listed and were found by KAYAK users in the last 48 hours. Rentals are subject to change and may not be available on all car rentals listed or dates of travel. Some car rental providers charge additional fees for other services (gps, infant car seats, etc.). Please check the car rental providers' sites.

\* Prices are per person and are for e-tickets and include all taxes & fees in USD.

We make every attempt to get accurate prices, however, prices are not guaranteed.

^ The fares displayed in KAYAK ads found on other sites include all taxes and fees for economy class travel and were found by KAYAK users in the last 72 hours. Seats are limited and may not be available on all flights and days. Fares are subject to change and may not be available on all flights or dates of travel. Some carriers charge additional fees for extra checked bags. Please check the carriers' sites.

1 Hacker Fares look for better round-trip deals by combining two tickets issued by different airlines for each direction of travel. Because two tickets will be issued, different rules and policies (for example, for baggage fees, change fees, and refunds) may apply in each direction. Any changes made to one of your tickets will not affect the other ticket (for example, if your initial flight is cancelled by either you or the airline, the other airline with which you booked your return flight is not obligated to issue a refund or change your itinerary). You are responsible for complying with each airline's terms and conditions, which may differ (for example, check-in times and limits on baggage size/weight). Please carefully review the details of each airline's contract before booking, and ensure that you complete the booking requirements for both tickets. Because fares change frequently, please check that both of the listed fares are still available before proceeding with your bookings. If you are traveling internationally, you may need to provide proof that you have a return flight at check in and at immigration. You may want to print both of your e-ticket confirmations before starting travel.

§ The rates displayed include all taxes and fees for car rentals for the class listed and were found by KAYAK users in the last 48 hours. Rentals are subject to change and may not be available on all car rentals listed or dates of travel. Some car rental providers charge additional fees for other services (gps, infant car seats, etc.). Please check the car rental providers' sites.

\* Prices are per person and are for e-tickets and include all taxes & fees in USD.

We make every attempt to get accurate prices, however, prices are not guaranteed.

1 Hacker Fares look for better round-trip deals by combining two tickets issued by different airlines for each direction of travel. Because two tickets will be issued, different rules and policies (for example, for baggage fees, change fees, and refunds) may apply in each direction. Any changes made to one of your tickets will not affect the other ticket (for example, if your initial flight is cancelled by either you or the airline, the other airline with which you booked your return flight is not obligated to issue a refund or change your itinerary). You are responsible for complying with each airline's terms and conditions, which may differ (for example, check-in times and limits on baggage size/weight). Please carefully review the details of each airline's contract before booking, and ensure that you complete the booking requirements for both tickets. Because fares change frequently, please check that both of the listed fares are still available before proceeding with your bookings. If you are travelling internationally, you may need to provide proof that you have a return flight at check in and at immigration. You may want to print both of your e-ticket confirmations before starting travel.

§ The rates displayed include all taxes and fees for car rentals for the class listed and were found by KAYAK users in the last 48 hours. Rentals are subject to change and may not be available on all car rentals listed or dates of travel. Some car rental providers charge additional fees for other services (gps, infant car seats, etc.). Please check the car rental providers' sites.
