7 v.

Case No. 13-cv-5996-PJH

**ORDER RE MOTION TO ENLARGE  
DEADLINES**

11 Before the court is plaintiffs' motion to enlarge time and extend deadlines.  
12 Specifically, plaintiffs seek an order extending by 90 days the deadlines for the upcoming  
13 class certification and summary judgment motions. The current schedule requires that  
14 the motions be filed on October 14, 2015, the oppositions be filed on December 16, 2015,  
15 and replies be filed on January 20, 2016, with a hearing set for February 17, 2016. See  
16 Dkt. 62.

17 Based on the ongoing discovery disputes, the court finds that some extension of  
18 the above deadlines is warranted. However, the 90-day extension sought by plaintiffs  
19 would unnecessarily delay the case. As a result, the court GRANTS plaintiffs' motion  
20 only in part, and extends each of the above briefing deadlines by 30 days. The class  
21 certification motion and motion for summary judgment shall be filed by **November 13,**  
22 **2015**, the oppositions shall be filed by **January 15, 2016**, and the replies shall be filed by  
23 **February 19, 2016**. The hearing on both motions will be held on **March 16, 2016**. No  
24 further extension of these dates will be granted.

25 **IT IS SO ORDERED.**

26 Dated: September 24, 2015
