Case No. [5:14-cv-05634-RMW](#)

**ORDER GRANTING DISCOVERY
EXTENSION**

(Re: Docket No. 46)

12
13 Defendant Connie Gipson moves for a 15-day extension to serve her response to Plaintiffs'
14 requests for production, which are currently due on March 28, 2016.¹ The next day, on March 29,
15 2016, a hearing is set on Plaintiffs' motion to compel further responses to requests for production
16 from Defendants R.T.C. Grounds and Gary Sandor.² Grounds and Sandor argue in their
17 opposition to the motion to compel that Plaintiffs' request for production to Gipson moots the
18 motion against them.³

19 Gipson's motion for a 15-day extension is GRANTED, but Defendants shall be prepared to
20 address the following points at the March 29, 2016 hearing on Plaintiffs' motion to compel:

- 21
- 22 • what documents Gipson will produce that would moot Plaintiffs' motion to compel;
 - 23 • what documents Gipson will not produce that would leave the requests for production
24 from Grounds and Sandor unsatisfied.

25 ¹ See Docket No. 46 at 1.

26 ² See Docket No. 40.

27 ³ See Docket No. 41 at 4-5.
