Case No. 16-cv-04051-BLF

**ORDER GRANTING DEFENDANTS’

DAY STAY; VACATING MOTION  
HEARING DATE; AND CONTINUING  
INITIAL CASE MANAGEMENT  
CONFERENCE**

[Re: ECF 32]

Plaintiffs M.W. (a minor) and the American Diabetes Association sue the United States Department of the Army and related entities, claiming that children with diabetes are precluded from participating in activities offered on military bases throughout the country as a result of Defendants’ refusal to provide necessary diabetes-related care in connection with those activities. Plaintiffs filed this action on July 19, 2016, seeking injunctive and declaratory relief under Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 794.

Defendants have filed a motion for stay, currently set for hearing on January 19, 2017, in which they request ninety days to revise their policies and procedures for providing diabetes-related care to children who wish to participate in activities offered on military bases. Defendants’ motion does not seek to stay mediation between the parties during the ninety day period. Plaintiffs initially opposed the motion for stay and briefing was completed in early December 2016. However, Plaintiffs subsequently filed a withdrawal of their opposition. *See* Notice of Plaintiffs’ Withdrawal of Opposition to Defendants’ Motion to Stay Litigation, ECF 38.
