WARNING: Solomon Ward Seidenwurm & Smith (Solomon Ward Attorneys at Law) located at 401 B Street, Suite 1200 San Diego, California 92101 Represents Pacific Law Center in Civil Case No.GIC878352 filed January 12, 2007 - Next Court Date April 20, 2007 Department 75 at 3:00pm and it is Open To Public. In The Court Record File The lawyer(s) Filed A Declaration Stating VERY PROUDLY that they Represent Child Abuse and Related Sex-Offenders (Child Molesters). Declaration was filed on February 26, 2007 By Pacific Law Center and 100% Backed By Solomon Ward Attorneys in San Diego, California.

On March 9, 2007 in Downtown San Diego California Court in Department 75 these lawyer(s) verbally complained to the court of law about PacificLawCenters.com, Phawku.com and Phawku2.com that these websites have information on Methamphetamine, Child Prostitution, Child Sex Trade, Child Slave Trade, Runaways giving the impression intentionally to the court that these websites promote these satanic acts.

By the order of the court PacificLawCenters.com is shut down at the moment without the Judge looking at or a copy of all 5 pages of the website PacificLawCenters.com because the owner of PacificLawCenters.com is also the owner of USHOSTAGE.com, which is 100% against the occupation of Afghanistan, Iraq and the owner is a Muslim Iranian Citizen. What you read on this website is 99% of exactly what was on PacificLawCenters.com and Phawku2.com since 2005.

What is to gain for these lawyers?

These lawyers pay rent for their fancy offices, they spend over \$10,000,000 per year on advertising, they buy homes, they go hunting and fishing on their private jets, they buy yachts and cruise into international waters and do as they please [Child Sex Slave occurs many times in international waters],they put food on their table for their family with money paid by their clients which includes by their own admission on court record that they defend child molesters, pimps of child sex slaves, Etc... (Sick Bastards - Do Not Hire Them)

custards do not like them,

Media:

Pacific Law Center in California which is owned by Phillips and Associates Law Firm in Arizona admit on court record that they proudly defend child molesters in San Diego, California and they have every right to do so.

When ANY person(s) that gets charged in San Diego, California with this sort of crime(s) related to harming children the media exposes the case and they the media do extensive follow ups. Right?

Wrong.

I have searched all over the internet news wires from the past and current and I can not find a single news article that contains Pacific Law Center as the legal counsel for the accused of sex crimes against any child.

Why? Why is there no mention of Pacific Law Center? There must be a motive of why the local media does not mention person(s) that are charged with sex crimes against any child whom the accused is being defended by Pacific Law Center.

The answer is the \$10,000,000+ that Pacific Law Center spends with the local media in advertisement.

I believe that Pacific Law Center tells the local media that if they expose their deared client(s) and Pacific Law Center as the legal council for the person(s) of being charged with sex crimes of any kind against any child then they Pacific Law Center will no longer advertise with them.

Prosecutors:

Pacific Law Center in San Diego, California which is owned by Phillips and Associates Law Firm in Arizona operates very much like a government office.

San Diego County Public Defenders Office is a government office. Every person that works for the San Diego County Public Defenders Office gets paid by a government check. We as tax payers pay for that

office to operate, but we as tax payers do not have control of how much funding and support the San Diego Public Defenders Office gets. Compared to the funding and support that the San Diego County District Attorneys Office and the City of San Diego Attorneys Office it is insulting to the tax payer. Should the tax payer ever need to be represented by the San Diego County Public Defenders Office, that person will not get a fair defense due to lack of funding.

Pacific Law Center is private, and they spend over \$10,000,000 a year on advertising, and Pacific Law Center has over 100 employees that get paid very well. If you look at the website of PacificLawCenter.com you will see that they only have 20 attorneys as of March 11, 2007 and some are supervisors that perhaps have even forgotten what a court room looks like. What do the other 80 employees do at Pacific Law Center? Pacific Law Center needs paralegals, investigators, a marketing department, janitors, delivery personals, limo drivers Etc...

It is a big overhead that Pacific Law Center has. Just like any business Pacific Law Center wants to save money. Operating Pacific Law Center like the San Diego County Public Defenders Office can save alot of money.

What does the San Diego County Public Defenders Office do so it can save money, while still representing the tax payer? Make deals with the prosecutor(s). It is always ONLY the prosecutors that offer the deals to the San Diego County Public Defenders Office and to any other defense attorney(s).

This is where corruption can be suggested. Why would a person hire Pacific Law Center when it can get the same results as if the accused was being represented by the San Diego County Public Defenders Office? Heavy marketing by Pacific Law Center is the reason. Misleading the public that they Pacific Law Center will get you better results from just about any other defense attorney in the State of California as a whole. This is called fraud.

The San Diego County District Attorneys Office has a fraud investigation unit which I know that they are very good at what they do, and I personally thank

them for their efforts of protecting us regardless of race or gender.

The San Diego County District Attorneys Office has over 1,000 employees, and more than 250 of them are attorneys, and more than 100 of them are investigators. Because of better pay, and only because of better pay 14 investigators from the San Diego Police Department went to work for the San Diego District Attorneys Office.

San Diego County government as a whole is and has been having major problems with money due to frauds which we all see on the media. Where does the San Diego District Attorneys Office get the funds to hire 14 additional investigators when the San Diego Police Department has a difficult time with funds?

When a deal is made on a criminal matter it saves all parties money, except the defendant. If the defendant is being represented by Pacific Law Center then there is no refund on a retainer (contract). This is a major hustle that brings in alot of money, and this is called fraud.

So why wont the San Diego District Attorneys Office stop this hustle (fraud)? The motive is when Pacific Law Center talks its clients into taking just about all deals offered by the San Diego County District Attorneys Office ALL parties save money except the defendant.

If the defendant wants to take his/her criminal case to trial all parties turn their backs on the defendant, that includes Pacific Law Center and the San Diego County Public Defenders Office in a manner that is called being railroaded in jail or prison, and this is called fraud, and violations of so many things that is related to human rights violations.

My pending criminal case is a great example of this and I do not mind taking the bullet for exposing this fraud and violations of your rights.

I was arrested on July 25, 2006 and taken into the Central jail in San Diego, and booked. After I was fingerprinted and before I was to exchange my street clothes for jail clothes I was interrogated by a high

ranking San Diego County Deputy Sheriff regarding the horrible events of September 11, 2001, my website USHOSTAGE.com, about my close to \$10,000 Cash, why I have not become a American Citizen, the events of what took place on July 25, 2006, medical marijuana, active terrorist group agents of Mojahedin-e-Khalq, Sipah-e-Sahaba Pakistan, Millat-e-Islamia, Mossad and even how I felt about Prophet Jesus.

On July 25, 2006 the government took away large amount of medical marijuana away from me, \$9800 cash away from me, all \$100 bills, and my passport which is from The Islamic Republic of Iran. Since then the government now deny that I was interrogated in Central jail, deny that I had a Iranian passport and deny I had \$9800 cash.

When any person is taken in jail there are log books that is kept about every inmate from the beginning of when a person is taken to jail until that person is released from custody. It is this log book that can prove who interrogated me, where my money and passport went and to whom, and it will show that I was more than cooperative while being interrogated because the arresting San Diego Police Officer wrote down in his police report that I had refused to speak to him regarding ANYTHING that the Officer had asked me, including my name, date of birth, nationality and so on.

I was being represented by the San Diego County Public Defenders Office in the beginning, and I got nothing but racial threats if I did not accept a deal that the San Diego County District Attorneys Office was offering. I thought to myself I have to hire Pacific Law Center to get what I need for my defense, so I hired them. I first called my mother and family and told them of the dilemma and they agreed to help me by lending me the down payment in order to be represented by Pacific Law Center.

When I called Pacific Law Center early in the morning from jail on August 30, 2006 they said that they need to speak to a family member or a friend that is willing to put up the down payment before they will take the case, so I gave them my mothers name and phone number. Pacific Law Center called my mother on or around 11:30pm and told her that if she could not put

up \$7990 then they will not take the case, and they told her that the \$7990 was a full payment for the case.

You can read more about what took place with Pacific Law Center and me further down this page which will shed light on fraud and how Pacific Law Center can keep a person hostage in jail.

My next court date is March 28, 2007 which a Detective from The San Diego County Sheriffs Office said that he will provide the log book and all information in their system regarding me.

My new attorney which I am not allowed to post ANY attorneys name or law firms on this website because of a court order, thanks to Pacific Law Center filing a civil complaint against me, USHOSTAGE.com and PACIFICLAWCENTERS.com will get a continuance.

There are many parallels to the controversy over intentional wrongdoings by Pacific Law Center.

him and others that were there. Short time later Pacific Law Center [License Plate No. 5GJM708] went back to my fathers house with the San Diego Police Department. I do not live with my father, which is a fact that Pacific Law Center knows. What lies did Pacific Law Center tell the San Diego Police Department for them to go to my fathers house with Pacific Law Center in a very short notice? San Diego Police Department is very short on officers and it is not fair to say lies about a person(s) in order for the Police to show up, or does Pacific Law Center have a influence on the San Diego Police Department? My father has a very bad heart condition, and this kind of harassment with the police may justify a civil complaint from my father against Pacific Law Center.

My fathers wife was so shaken up by Pacific Law Center harrassing her at her home with the San Diego Police Department that she is still shaken up by the whole thing a day later.

January 26, 2007 on or around 6:22pm EST, I called Pacific Law Center and left a message that if they do not drop their civil complaint against me (I just assumed it has to be a civil matter), then I will expose Phillips and Associates on the World Wide Web. On January 29, 2007 I kept checking the internet and it seems that there is no complaint filed against me from Pacific Law Center or they have dropped their complaint if there was one.

Phillips and Associates in Arizona which owns Pacific Law Center in California needs to act professional and pull their lawyers out of court and see if these attorneys need to be disciplined. This is just one of the things that proves that Phillips and Associates is just as dirty as Pacific Law Center . I must inform the general public about Phillips and Associates. The Public has the right to know, plus I would assume that any attorney that sees intentional wrong doings by another attorney, they must report it to the State Bar. I am not a lawyer, but Ethics and Professionalism is mostly common sense.

On September 18, 2006 when Pacific Law Center waived my right to appear in court and then went ahead and represented me after I had fired them, they got a continuance for the case for several days. If

I would not have come up with the money to bail out of jail, I would have been still locked up in jail without having the opportunity to tell the judge that Pacific Law Center was fired on September 8, 2006.

San Diego City Attorney Office was in court on September 18, 2006, and San Diego County District Attorney Office was in court on September 18, 2006 for my case (But I was not). The Deputy San Diego City Attorney, and the Deputy San Diego District Attorney for this case that were in court on September 18, 2006 will also be reported to the State Bar. I can only assume that the City and County of San Diego Law Enforcement are attempting to stop me from exposing this kind of holding a person hostage in jail. I have been seeking a Civil Rights Attorney.

I have decided to take at minimum Pacific Law Center to court for holding me hostage in a jail. San Diego County District Attorney Office is and has been well aware of what Pacific Law Center has done to me by waving my rights to appear in court which resulted me being held in jail like a hostage after I had fired them. San Diego County District Attorney Office is not going to halt Pacific Law Center from representing people in any court which was proven on January 26, 2007 when the San Diego Police Department went to my fathers house with Pacific Law Center , but I will. I am going after their license - All of them! - NO AMOUNT OF MONEY CAN STOP ME -

PACIFICLAWCENTERS.com has a right to expose any and all wrong doings by Pacific Law Center and it is called freedom of speech.

Phillips and Associates in Arizona which owns Pacific Law Center in California spend over \$10,000,000 combined in advertising (Internet and not Internet) per year.

The Attorney that was assigned to my case (CD200499) passed his bar exam only 10 months before I hired Pacific Law Center Phillips and Associates in Arizona and

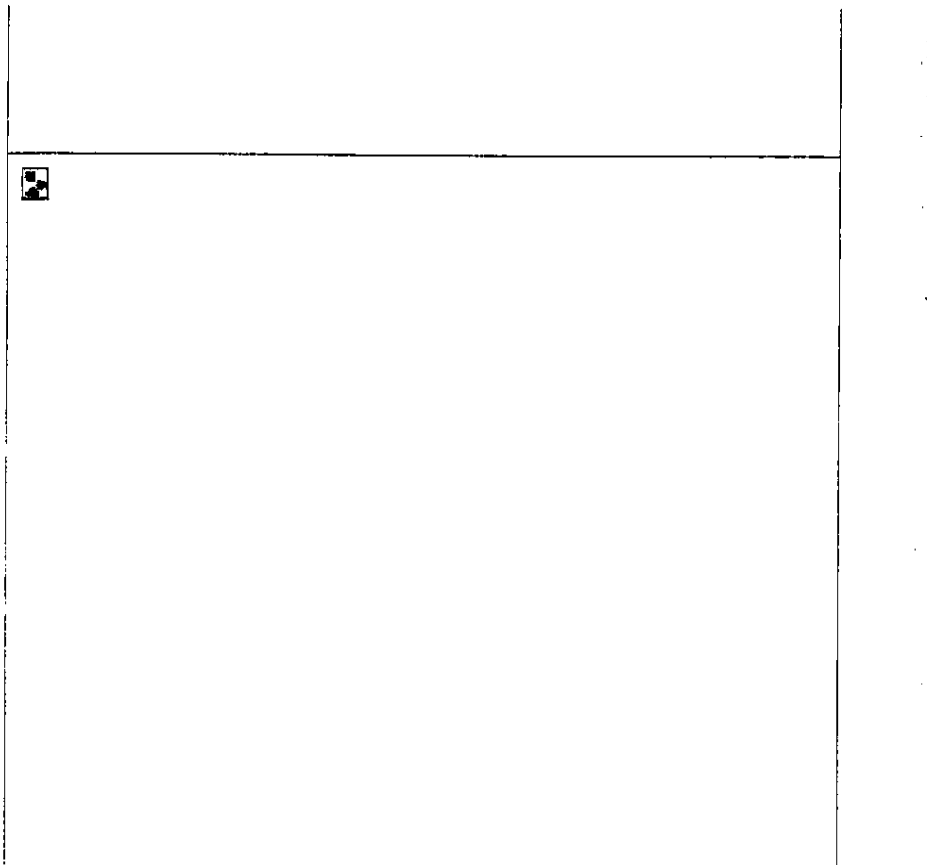

Center. Phillips and Associates in Arizona, and Pacific Law Center in California, spend more on advertising than they do on experienced attorneys.

What Pacific Law Center claim for example that they have over 150 years combined experience maybe correct, but when you got for example five supervisors that are in their 40's, thats 100 years of it right there, then you have for example two other supervisors in their 50's that supervise the five supervisors and thats another 40 to 50 years right there, all together you can see their combined experience of 140 to 150 years.

Trust me, these supervisors rarely see a court room.

These experienced lawyers hire inexperienced lawyers and tell the general public [YOU] that they have over 150 years of experience. Save your money and hire a real experienced Lawyer.

I am doing the same thing as Phillips and Associates and Pacific Law Center, by exposing what they did to me on the World Wide Web (pacificlawcenters.com) and will probably do so in a court of law as well. It turns out that I am not the only one that has been wronged intentionally by Pacific Law Center . If I was to look into Phillips and Associates (phillipslaw.com) in Arizona , I bet the same pattern as Pacific Law Center will be discovered.
