8 UNITED STATES DISTRICT COURT
9 SOUTHERN DISTRICT OF CALIFORNIA

10 Raul Arellano,

11 Plaintiff,

12 v.

13 Daniel Paramo, Warden,

14 Defendants.

Case No.: 17-cv-0354-AJB-AGS

**ORDER GRANTING MOTIONS (ECF
Nos. 15, 17, & 21) AND REPORT AND
RECOMMENDATION**

15
16 In his latest filings to the Court, plaintiff Raul Arellano makes several requests. First,
17 he asks for an order adjudicating his other motions (ECF No. 21), which is granted. Next,
18 he requests copies of transcripts he says were missing from the lodgments the Court
19 ordered to be sent to him. He specifically requests “R.T. 2A pgs 56-64, R.T. 2B pgs 209-
20 214, R.T. 3C pgs 216-221, R.T. 3D pgs 306-307.” (ECF No. 15, at 1.) He also requests a
21 transcript from trial dated June 19, 2009. The Court denies this request as moot because
22 respondent noted in the response that they have already lodged the appropriate documents
23 with the Court and mailed them to Arellano as well. (ECF No. 18, at 1-2.)

24 Arellano next requests a copy of the order denying petition for writ of habeas corpus
25 by the San Diego County Superior Court. (ECF No. 10, at 2.) The Court grants this request
26 and directs the Clerk’s Office to send Arellano a copy Lodgment 9, ECF No. 10-12.
27 Arellano also requests a copy of the instant motion as he was unable to make a copy of it
28

1 before sending it to the Court. This request is granted and the Clerk's Office is directed to
2 send Arellano a copy of ECF No. 15 and all exhibits.

3 Finally, Arellano has filed a request to amend his petition. Respondent has not
4 objected. The Court recommends that this request be granted and that Arellano have until
5 October 2, 2017, to file his amended petition. The Court also recommends that respondent
6 have until November 6, 2017, to respond to that amended petition or file a motion to
7 dismiss. Finally, the Court recommends that Arellano's traverse or opposition be due
8 November 30, 2017.
