Re: *Penny Composto v. State Farm Mutual Automobile Insurance Company*
USDC Civil Action No. 08-CV-02423-CMA-BNB

Dear Mr. Eldridge:

Attached is State Farm's First Set of Requests for Production of Documents to Plaintiff.

I wrote to you prior to Ms. Composto's deposition that we were lacking significant documentation relating to the parts of the body, and medical conditions, that Ms. Composto relates to the vehicle accident, which is the subject of her lawsuit. At her deposition, we learned of new medical providers, other treatment and other claims made by Ms. Composto to the same areas of her body or for the same injuries.

Based upon the inability to obtain complete relevant records on Ms. Composto, since Ms. Composto's first submitting her claim to State Farm, we are asking that she produce records, themselves, as well as Authorizations that allow our firm to obtain documents directly.

Yours very truly,

WELLS, ANDERSON & RACE LLC
