**MINUTE ORDER**

---

**Entered by Michael E. Hegarty, United States Magistrate Judge, on July 10, 2009.**

Plaintiff Stine's Motion for Order [filed July 7, 2009; docket #129] is construed as a motion to compel pursuant to Fed. R. Civ. P. 37 alleging Defendants' failure to cooperate in discovery. In the motion, Plaintiff has failed to "include a certification that the movant has in good faith conferred or attempted to confer with the person or party failing to make disclosure or discovery in an effort to obtain it without court action." Thus, the motion is **denied without prejudice**.

In addition, the Court notes that Plaintiff Stine requests relief for "all Plaintiffs," and is warned again that future motions requesting relief on behalf of other Plaintiffs will be stricken.
