The production of privileged or work-product protected documents, electronically stored information ("ESI"), or other information, whether produced inadvertently or otherwise, does not constitute a waiver of the privilege or protection from discovery in this case or in any other federal or state proceeding. This Stipulated Order shall be interpreted to provide the maximum protection allowed by Federal Rule of Evidence 502(d).

Nothing contained herein is intended to or shall serve to limit a party's right to conduct a review of documents, ESI, or other information (including metadata) for relevance, responsiveness, and/or segregation of privileged and/or protected information before production.
