ORDER

Upon review of respondent's motion for judgment on the record, Dkt. #138, and other papers related to that motion, see, Dkt. #141, it is by the Court *sua sponte* **ORDERED** that proceedings on the motion are **STAYED** until petitioner's counsel has the opportunity to confer with his client. After such a conference petitioner may move to lift the stay and may renew his discovery requests in a motion showing that, for specified reasons, discovery is required to present facts essential to justify his opposition to the government's motion or his own motion for judgment.
