

APPENDIX A

IN RE: GUANTANAMO BAY DETAINEE LITIGATION

Doc 1057 Att. 1

Pursuant to Local Rule 7(m), Scott L. Fenstermaker ("Retained Counsel") contacted counsel for Respondents and for the Federal Defender for the District of Nevada ("Federal Defender"), Paul G. Turner, Esq., to meet and confer regarding potential opposition to the instant request for an unconditional writ of *habeas corpus* and Petitioner's release. The responses received by Tuesday, November 25, 2008 as of 9:00 p.m. EST are as follows:

Respondents and the Federal Defender both oppose Petitioner's request for an unconditional writ of *habeas corpus* and Petitioner's immediate release.¹

¹ It is unclear from her response whether the Federal Defender opposes such a writ and Petitioner's release or merely opposes Retained Counsel's involvement in obtaining these ends.
