**Subject:** RE: Revised Habeas Visit Request

Thank you. Understand there is a lot going on, but would it be possible to please let me know as soon as possible?

My request was made over a month ago without any response as to whether my request would be granted or denied. It is now two weeks before the trip and as mentioned, flights fill up quickly.

I understand that there will be one other legal team at the base during my requested period. You've had my information for over a month and my translator, Masud Hasnain, is already cleared to go with Buz Eisenberg and Jerry Cohen and will be on the base already.

Please let me know as soon as possible, in the alternative, can you at least tell me when you will let me know. I appreciate your assistance and consideration.

Alva

Greetings. Thank you again for your patience and assistance. I am following up on my revised request to visit Mr Dokhan, a client of a clinic at UT Law School. I understand that you are not responsible for approving or denying visits but that JTF must approve the visit. I am very concerned as it is now two weeks from the requested visit date. Given that it took over a month for a response, which in fact was neither a denial nor an approval, to my initial request made over a month ago, it may take JTF the same amount of time to respond to my revised request, which of course would mean that the visit date would pass without any word on whether my visit is approved or denied. Also, as JTF knows, the flights to and from Guantanamo fill up very quickly such that there may be no available flights by the time JTF responds to my revised request.

In light of the circumstances, including Judge Hogan's order requiring client authorizations by October 29, and the need to try to visit with my client, I believe we will have to go to court to seek a timely resolution. I would prefer not to go to court as it is a waste of judicial resources and the parties' resources but I don't see that there are any other options at this point. If there is no response to my visit request by 4pm on Monday October 6, I will have to seek a resolution before Judge Hogan.

Thank you very much for your attention to this matter.

Best,

**Subject:** Revised Habeas Visit Request

Alva,

Thank you for your patience. Please find attached my revised habeas visit request form. A couple things I'd like to bring to your attention:

I've put down Masud Hasnain as the translator. The reason is because, as mentioned, the UT Clinic is a public institution and has limited funding and Mr. Hasnain is currently scheduled to go to Guantanamo with Buz Eisenberg and Jerry Cohen to meet with their clients the week of Oct 13. I have already spoken with Buz and Jerry who willing to share Mr Hasnain with me, therefore easing the financial burden on the Clinic.

Buz and Jerry are scheduled to meet with their clients on Oct 14 and 15, therefore I revised my visit by 2 days so that I could accommodate their schedule and make use of a translator already on the base.

I've also confirmed that there are flights available that accommodate the change in dates.

As you know, flights in and out of Guantanamo fill up very quickly and there is a penalty for changing flights. I currently have a "hold" on the new flights but the flights will be released by tomorrow.

Please let me know as soon as you can whether you can accommodate my request. I would greatly appreciate it.

Best,

Kristine A Huskey

**Subject:** Visit to GTMO Follow Up

Greetings

I hope this finds you well. I am following up on my trip request submitted August 29 and revised last week.

Please let me know if you have any indication of whether I will be able to visit my client on the dates requested, as the flights are filling up and the visit is less than ten days away.

Thank you for your patience and assistance. If you would like to discuss by phone or need any more information, I am available to discuss at your convenience.

Best regards,
