Signature Instructions for Agencies with an Agency Secretary

This form requires approval by Agency Secretary or Agency Undersecretary and the department director or designee. The Agency Secretary may designate one person, in addition to Agency Undersecretary, to sign on his/her behalf, of cabinet officer level (e.g., Assistant Undersecretary, Deputy Secretary, etc., the actual title is dependent upon the Agency's organizational structure). The department director may delegate review and approval authority to his/her deputy directors and/or the Procurement and Contracting Officer. The director's designee shall send ratification notification to their director upon the designee's approval of the NCB transaction. The typed name and signature must match for both signatures.

Signature Instructions for Agencies that do not have an Agency Secretary

This form requires approval by the highest ranking executive officer or designee. The highest ranking officer may designate one person to sign on his/her behalf subject to DGS approval. The highest ranking officer may delegate review and approval authority to his/her deputy directors and/or the Procurement and Contracting Officer. The designee shall send ratification notification to their highest ranking executive officer upon their approval of the NCB. The typed name and signature must match.

Complete responses must be provided for all of the following items.

A. THE GOOD/SERVICE REQUESTED IS RESTRICTED TO ONE SUPPLIER FOR THE REASONS STATED BELOW:

1. Why is the acquisition restricted to this good/service/supplier?

(Explain why the acquisition cannot be competitively bid. Explain if this is an emergency purchase or how the supplier is the only source for the acquisition and reference the PCC that applies, i.e., 12102, 10301/10302, or 10340.

The California Building Standards Administrative Code (CBSAC), California Energy Code (CEC), California Historical Building Code (CHBC), California Green Building Standards Code (CGBSC) and California Referenced Standards Code (CRSC) are not based on model building codes. However, in an advice letter dated June 6, 2001, from the Department of Justice (DOJ), it was stated that, "If it obtains the appropriate administrative approvals, the [California Building Standards] Commission may arrange for publication of [all parts of] the [California] Building Standards Code on a sole-source basis." The reasoning given was that it may be more cost effective and there would be more uniformity if the non-model code based parts were published by one of the model code publishers publishing the model code based parts.

2. Provide the background of events leading to this acquisition.

The publication of the CBSAC, CEC, CHBC, CGBSC and CRSC was competitively bid, prior to DOJ's letter. No publisher could outbid the model code publishing organization, which bid to publish these codes for no money. After a few years, the model code publishing organization became the only bidder.

3. Describe the uniqueness of the acquisition (why was the good/service/supplier chosen?)

In an advice letter dated June 6, 2001, from DOJ, it was stated that, "If it obtains the appropriate administrative approvals, the [California Building Standards] Commission may arrange for publication of [all parts of] the [California] Building Standards Code on a sole-source basis." The reasoning was that it may be more cost effective and there would be more uniformity if the non-model code based parts were published by one of the model code publishers publishing and selling the model code based parts.

4. What are the consequences of not purchasing the good/service or contracting with the proposed supplier?

If the commission does not contract with ICC to publish the CBSAC, CEC, CHBC, CGBSC and CRSC, it will cost the state to have them published, uniformity would be lost in the publication of the California Building Standards Code, and potentially the commission would have to enter into another contract for the sale of the CBSAC, CEC, CHBC, CGBSC and CRSC, if the publisher would not also sell them.

5. What market research was conducted to substantiate no competition, including evaluation of other items considered?

The publication of the CBSAC, CEC, CHBC, CGBSC and CRSC was competitively bid, prior to DOJ's letter. No publisher could outbid the model code publishing organization, which bid to publish these codes for no money. After a few years, the model code publishing organization became the only bidder.

B. PRICE ANALYSIS

1. How was the price offered determined to be fair and reasonable?
(Explain what the basis was for comparison and include cost analyses as applicable.)

There is no cost involved in this contract. The publisher recoups its publication costs in sales of the codes.

2. Describe any cost savings realized or costs avoided by acquiring the goods/services from this supplier

There is no cost involved in this contract. The publisher recoups its publication costs in sales of the codes.

Non-Competitively Bid (NCB) Contract Justification Corrective Action Plan

This section must be completed for any NCB that could have been competitively bid but was not due to insufficient time to complete the competitive acquisition process. This does not apply to emergency procurements in accordance with PCC Sections 10302, 10340(b)(1) and 12102(a)(2).

Complete responses must be provided for all of the following questions:

- 1. Why is the submission of a NCB necessary and what are the determining factors that caused the problem?**
Explain why your department has not conducted a competitive bid. Provide the background of events (timeline) leading to the submission of this NCB. Identify any critical time delays or issues that prevented your department from completing this acquisition using a competitive process (i.e., budget, approvals, and/or appropriate analysis).

- 2. What are the consequences of not having this NCB approved?**
Describe in detail the impact to the department and to the program(s) if the NCB is not approved.

- 3. How will your department ensure adequate planning to prevent submittal of NCB's for goods or services that should have been competitively bid?**
Provide a detailed plan of your department's efforts to improve your acquisition planning to maximize the use of competition to meet your needs. This plan must include how the department will provide for a tracking system to ensure timely review of upcoming requirements. Departments acknowledge that submission of a corrective action plan is the basis for how the department will provide for sufficient time to use competition in the acquisition process. Failure to follow the Corrective Action Plan may result in the loss of your department's delegated procurement authority. This plan must be kept on file for future auditing purposes.

**CONTRACT ADVERTISING EXEMPTION REQUEST
(IN CALIFORNIA STATE CONTRACTS REGISTER)**

STD. 821 (REV. 10/2006) REVERSE

INSTRUCTIONS

An exemption from advertising in the California State Contracts Register is not an exemption from Disabled Veteran Business Enterprise (DVBE) participation goal attainment.

1. Submit the original and one copy of the completed form and all supporting documents to the Department of General Services, Procurement Division for review and action. (Attach completed, NCB Contract Justification form as applicable.)
2. All applicable elements of the Justification form must be completed or the request may be denied.
3. Do not provide the name and address of the proposed contractor unless the request is to enter into a contract on a non-competitively bid basis.
4. All requests must include comprehensive justification.
5. Non-competitively bid contract justifications must include a narrative of the efforts made to secure similar services from other sources. Refer to the State Contracting Manual Section 5.70.

GENERAL INFORMATION

It is required by statute that State agencies advertise and bid all contracts for services over \$5,000. It is the agency's responsibility to develop and adopt contracting procedures which maximize competition and effect timely and proper contract award and execution.

The STD. 821, Contract Advertising Exemption Request, allows the Department of General Services to exempt agencies from these requirements when such action is justified.

Exemption is granted by either an approved request to be exempt from advertising in the California State Contracts Register or by an approved request to enter into a contract on a non-competitively bid basis.

Definitions of Requests:

REQUEST TO BE EXEMPT FROM ADVERTISING - A bid is going to be conducted. Request is made to be exempt from the requirement of advertising in the California State Contracts Register, which is required by Government Code Section 14827 et seq. The request is made because: (1) the exemption is necessary to preserve life or state property, or (2) there is an interest to the State that is so compelling that the agency believes an exemption is warranted.

REQUEST FOR NCB CONTRACT - Request is made to be exempt from competitive bidding because: (1) there is only one supplier that can perform the service, or (2) there is an interest to the State that is so compelling that the agency believes it warrants forgoing the competitive process per Public Contract Code Sections 10348 and 10380.

Refer to the State Contracting Manual for additional information.

MEMORANDUM

Building Standards Commission

Subject: **Certification Requirement – NCB, ICC Part 1, 6, 7 (vacant), 8, 11 and 12**

I certify that this purchase is vital and mission critical for the Building Standards Commission.

The California Building Standards Administrative Code (CBSAC), California Energy Code (CEC), California Historical Building Code (CHBC), California Green Building Standards Code (CGBSC) and California Referenced Standards Code (CRSC) are not based on model building codes.

However, in an advice letter dated June 6, 2001, from the Department of Justice (DOJ), it was stated that, "If it obtains the appropriate administrative approvals, the [California Building Standards] Commission may arrange for publication of [all parts of] the [California] Building Standards Code on a sole-source basis." Signature Instructions for Agencies with an Agency Secretary

This form requires approval by Agency Secretary or Agency Undersecretary and the department director or designee. The Agency Secretary may designate one person, in addition to Agency Undersecretary, to sign on his/her behalf, of cabinet officer level (e.g., Assistant Undersecretary, Deputy Secretary, etc., the actual title is dependent upon the Agency's organizational structure). The department director may delegate review and approval authority to his/her deputy directors and/or the Procurement and Contracting Officer. The director's designee shall send ratification notification to their director upon the designee's approval of the NCB transaction. The typed name and signature must match for both signatures.

Signature Instructions for Agencies that do not have an Agency Secretary

This form requires approval by the highest ranking executive officer or designee. The highest ranking officer may designate one person to sign on his/her behalf subject to DGS approval. The highest ranking officer may delegate review and approval authority to his/her deputy directors and/or the Procurement and Contracting Officer. The designee shall send ratification notification to their highest ranking executive officer upon their approval of the NCB. The typed name and signature must match.

Complete responses must be provided for all of the following items.

A. THE GOOD/SERVICE REQUESTED IS RESTRICTED TO ONE SUPPLIER FOR THE REASONS STATED BELOW:

1. Why is the acquisition restricted to this good/service/supplier?

(Explain why the acquisition cannot be competitively bid. Explain if this is an emergency purchase or how the supplier is the only source for the acquisition and reference the PGC that applies, i.e., 12102, 10301/10302, or 10340.

The California Building Code (CBC), California Residential Code (CRC), California Fire Code (CFC), and California Existing Building (CEBC) will be based on four model building codes, the International Building Code (IBC), the International Residential Code (IRC), the International Fire Code (IFC), and the International Existing Building Code (IEBC), respectively. The California codes include both provisions of the model codes and amendments to those codes adopted by California.

ICC owns the copyrights to these model codes; therefore, ICC must be the publisher of the CBC, CRC, CFC, and CEBC if they are each to going to contain model code provisions and California's amendments to the model codes. If ICC is not the publisher, California's amendments to the IBC, IFC, and IEBC could not be published with the IBC, IFC, and IEBC provisions adopted by California.

2. Provide the background of events leading to this acquisition.

Throughout most of the 1980s, California published only the amendments it made to the model building codes, using the Office of State Publishing as the publisher. The building industry did not like having to refer back-and-forth between model code books and books containing California's amendments to the model codes. Therefore, in 1989, publication agreements were entered into, pursuant to Health and Safety Code Section 18928.1, so that California's amendments could be published with the model codes they amended.

3. Describe the uniqueness of the acquisition (why was the good/service/supplier chosen?)

ICC owns the copyrights to the model building codes upon which the CBC, CRC, CFC, and CEBC are based. Therefore, ICC must be the publisher of these California building codes if they are each going to contain model code provisions and California's amendments to the model codes.

4. What are the consequences of not purchasing the good/service or contracting with the proposed supplier?

If the commission does not contract with ICC to publish the CBC, CRC, CFC, and CEBC, it will not be able to have the model codes adopted by California published with California's amendments to those model codes. The publishing situation will return to that which existed in the 1980s when California's amendments to the model codes were not published with the model codes they amended. This was something the building industry found problematic.

5. What market research was conducted to substantiate no competition, including evaluation of other items considered?

ICC owns the copyrights to the model building codes upon which the CBC, CRC, CFC, and CEBC are based. Therefore, ICC must be the publisher of the CBC, CFC, and CEBC if they are each to going to contain model code provisions and California's amendments to the model codes. If the commission does not contract with ICC, it will not be able to have the model codes adopted by California published with California's amendments to these model codes. The building industry found the latter to be unworkable.

B. PRICE ANALYSIS

1. **How was the price offered determined to be fair and reasonable?**
(Explain what the basis was for comparison and include cost analyses as applicable.)

There is no cost involved in this contract. The publisher recoups its publication costs in sales of the codes.

2. **Describe any cost savings realized or costs avoided by acquiring the goods/services from this supplier**

There is no cost involved in this contract. The publisher recoups its publication costs in sales of the codes.

Non-Competitively Bid (NCB) Contract Justification Corrective Action Plan

This section must be completed for any NCB that could have been competitively bid but was not due to insufficient time to complete the competitive acquisition process. This does not apply to emergency procurements in accordance with PCC Sections 10302, 10340(b)(1) and 12102(a)(2).

Complete responses must be provided for all of the following questions:

- 1. Why is the submission of a NCB necessary and what are the determining factors that caused the problem?**
Explain why your department has not conducted a competitive bid. Provide the background of events (timeline) leading to the submission of this NCB. Identify any critical time delays or issues that prevented your department from completing this acquisition using a competitive process (i.e., budget, approvals, and/or appropriate analysis).

- 2. What are the consequences of not having this NCB approved?**
Describe in detail the impact to the department and to the program(s) if the NCB is not approved.

- 3. How will your department ensure adequate planning to prevent submittal of NCB's for goods or services that should have been competitively bid?**
Provide a detailed plan of your department's efforts to improve your acquisition planning to maximize the use of competition to meet your needs. This plan must include how the department will provide for a tracking system to ensure timely review of upcoming requirements. Departments acknowledge that submission of a corrective action plan is the basis for how the department will provide for sufficient time to use competition in the acquisition process. Failure to follow the Corrective Action Plan may result in the loss of your department's delegated procurement authority. This plan must be kept on file for future auditing purposes.

EXEMPTION JUSTIFICATION (Attach additional sheets if necessary)

The California Building Code (California Code of Regulations, Title 24, Part 2), California Residential Code (California Code of Regulations, Title 24, Part 2.5), California Fire Code (California Code of Regulations, Title 24, Part 9), and California Existing Building Code (California Code of Regulations, Title 24, Part 10), are based on four model codes, the International Building Code, International Residential Code, International Fire Code and the International Existing Building Code, respectively. The California codes include both provisions of the model codes and amendments to those codes adopted by California.

The International Code Council (ICC) owns the copyrights to these model codes; therefore, ICC must be the publisher of these California codes, if they are each going to contain model code provisions and California amendments to the model codes. If ICC is not the publisher, California's amendments to the model codes cannot be published with the model codes provisions adopted by California. The building industry found the latter to be unworkable.

**CONTRACT ADVERTISING EXEMPTION REQUEST
(IN CALIFORNIA STATE CONTRACTS REGISTER)**

STD. 821 (REV. 10/2006) REVERSE

INSTRUCTIONS

An exemption from advertising in the California State Contracts Register is not an exemption from Disabled Veteran Business Enterprise (DVBE) participation goal attainment.

1. Submit the original and one copy of the completed form and all supporting documents to the Department of General Services, Procurement Division for review and action. (Attach completed, NCB Contract Justification form as applicable.)
2. All applicable elements of the Justification form must be completed or the request may be denied.
3. Do not provide the name and address of the proposed contractor unless the request is to enter into a contract on a non-competitively bid basis.
4. All requests must include comprehensive justification.
5. Non-competitively bid contract justifications must include a narrative of the efforts made to secure similar services from other sources. Refer to the State Contracting Manual Section 5.70.

GENERAL INFORMATION

It is required by statute that State agencies advertise and bid all contracts for services over \$5,000. It is the agency's responsibility to develop and adopt contracting procedures which maximize competition and effect timely and proper contract award and execution.

The STD. 821, Contract Advertising Exemption Request, allows the Department of General Services to exempt agencies from these requirements when such action is justified.

Exemption is granted by either an approved request to be exempt from advertising in the California State Contracts Register or by an approved request to enter into a contract on a non-competitively bid basis.

Definitions of Requests:

REQUEST TO BE EXEMPT FROM ADVERTISING - A bid is going to be conducted. Request is made to be exempt from the requirement of advertising in the California State Contracts Register, which is required by Government Code Section 14827 et seq. The request is made because: (1) the exemption is necessary to preserve life or state property, or (2) there is an interest to the State that is so compelling that the agency believes an exemption is warranted.

REQUEST FOR NCB CONTRACT - Request is made to be exempt from competitive bidding because: (1) there is only one supplier that can perform the service, or (2) there is an interest to the State that is so compelling that the agency believes it warrants forgoing the competitive process per Public Contract Code Sections 10348 and 10380.

Refer to the State Contracting Manual for additional information.

Subject: **Certification Requirement – NCB, ICC Part 2, 2.5, 9 and 10**

I certify that this purchase is vital and mission critical for the Building Standards Commission.

The California Building Code (CBC), California Residential Code (CRC), California Fire Code (CFC), and California Existing Building Code (CEBC) will be based on four model building codes, the International Building Code (IBC), the International Residential Code (IRC), the International Fire Code (IFC), and the International Existing Building Code (IEBC), respectively. The California codes include both provisions of the model codes and amendments to those codes adopted by California.

ICC owns the copyrights to these model codes; therefore, ICC must be the publisher of the CBC, CRC, CFC, and CEBC if they are each to going to contain model code provisions and California's amendments to the model codes. If ICC is not the publisher, California's amendments to the IBC, IFC, and IEBC could not be published with the IBC, IFC, and IEBC provisions adopted by California.

Signature instructions for Agencies with an Agency Secretary

This form requires approval by Agency Secretary or Agency Undersecretary and the department director or designee. The Agency Secretary may designate one person, in addition to Agency Undersecretary, to sign on his/her behalf, of cabinet officer level (e.g., Assistant Undersecretary, Deputy Secretary, etc., the actual title is dependent upon the Agency's organizational structure). The department director may delegate review and approval authority to his/her deputy directors and/or the Procurement and Contracting Officer. The director's designee shall send ratification notification to their director upon the designee's approval of the NCB transaction. The typed name and signature must match for both signatures.

Signature instructions for Agencies that do not have an Agency Secretary

This form requires approval by the highest ranking executive officer or designee. The highest ranking officer may designate one person to sign on his/her behalf subject to DGS approval. The highest ranking officer may delegate review and approval authority to his/her deputy directors and/or the Procurement and Contracting Officer. The designee shall send ratification notification to their highest ranking executive officer upon their approval of the NCB. The typed name and signature must match.

Complete responses must be provided for all of the following items.

A. THE GOOD/SERVICE REQUESTED IS RESTRICTED TO ONE SUPPLIER FOR THE REASONS STATED BELOW:

1. Why is the acquisition restricted to this good/service/supplier?

(Explain why the acquisition cannot be competitively bid. Explain if this is an emergency purchase or how the supplier is the only source for the acquisition and reference the POC that applies, i.e., 12102, 10301/10302, or 10340.

The California Electrical Code is based on a model building code, the National Electrical Code (NEC). The California Electrical Code includes both provisions of the NEC and amendments to the NEC adopted by California.

NFPA owns the copyright to the NEC; therefore, NFPA must be the publisher of the California Electrical Code if it is going to contain both NEC provisions and California's amendments to the NEC. If NFPA is not the publisher, California's amendments to the NEC could not be published with the provisions of the NEC adopted by California.

2. Provide the background of events leading to this acquisition.

Throughout most of the 1980s, California published only the amendments it made to model building codes, using the Office of State publishing as the publisher. The building industry did not like having to refer back-and-forth between model code books and books containing California's amendments to model codes. Therefore, in 1989, publication agreements were entered into, pursuant to Health and Safety Code Section 18928.1, so that California's amendments could be published with the model codes they amended.

3. Describe the uniqueness of the acquisition (why was the good/service/supplier chosen?)

NFPA owns the copyright to the model building code upon which the California Electrical Code is based. Therefore, NEC must be the publisher of the California Electrical Code if it is going to contain both NEC provisions and California's amendments to the NEC.

4. What are the consequences of not purchasing the good/service or contracting with the proposed supplier?

If the commission does not contract with NFPA to publish the California Electrical Code, it will not be able to have the NEC provisions adopted by California published with California's amendments to the NEC. The publishing situation will return to that which existed in the 1980s where California's amendments to model codes were not published with the model codes they amended. This was something the building industry found problematic.

5. What market research was conducted to substantiate no competition, including evaluation of other items considered?

NFPA owns the copyright to the NEC, which is the model building code upon which the California Electrical Code is based. Therefore, NFPA must be the publisher of the California Electrical Code if it is going to contain both NEC provisions and California's amendments to the NEC. If the commission does not contract with NFPA, it will not be able to have the NEC provisions adopted by California published with California's amendments to the NEC. The building industry found the latter to be unworkable.

B. PRICE ANALYSIS

- 1. How was the price offered determined to be fair and reasonable?**
(Explain what the basis was for comparison and include cost analyses as applicable.)

There is no cost involved in this contract. The publisher recoups its publication costs in sales of the codes.

- 2. Describe any cost savings realized or costs avoided by acquiring the goods/services from this supplier**

There is no cost involved in this contract. The publisher recoups its publication costs in sales of the codes.

Non-Competitively Bid (NCB) Contract Justification Corrective Action Plan

This section must be completed for any NCB that could have been competitively bid but was not due to insufficient time to complete the competitive acquisition process. This does not apply to emergency procurements in accordance with PCC Sections 10302, 10340(b)(1) and 12102(a)(2).

Complete responses must be provided for all of the following questions:

- 1. Why is the submission of a NCB necessary and what are the determining factors that caused the problem?**
Explain why your department has not conducted a competitive bid. Provide the background of events (timeline) leading to the submission of this NCB. Identify any critical time delays or issues that prevented your department from completing this acquisition using a competitive process (i.e., budget, approvals, and/or appropriate analysis).

- 2. What are the consequences of not having this NCB approved?**
Describe in detail the impact to the department and to the program(s) if the NCB is not approved.

- 3. How will your department ensure adequate planning to prevent submittal of NCB's for goods or services that should have been competitively bid?**
Provide a detailed plan of your department's efforts to improve your acquisition planning to maximize the use of competition to meet your needs. This plan must include how the department will provide for a tracking system to ensure timely review of upcoming requirements. Departments acknowledge that submission of a corrective action plan is the basis for how the department will provide for sufficient time to use competition in the acquisition process. Failure to follow the Corrective Action Plan may result in the loss of your department's delegated procurement authority. This plan must be kept on file for future auditing purposes.

**CONTRACT ADVERTISING EXEMPTION REQUEST
(IN CALIFORNIA STATE CONTRACTS REGISTER)**

STD. 821 (REV. 10/2005) REVERSE

INSTRUCTIONS

An exemption from advertising in the California State Contracts Register is not an exemption from Disabled Veteran Business Enterprise (DVBE) participation goal attainment.

1. Submit the original and one copy of the completed form and all supporting documents to the Department of General Services, Procurement Division for review and action. (Attach completed, NCB Contract Justification form as applicable.)
2. All applicable elements of the Justification form must be completed or the request may be denied.
3. Do not provide the name and address of the proposed contractor unless the request is to enter into a contract on a non-competitively bid basis.
4. All requests must include comprehensive justification.
5. Non-competitively bid contract justifications must include a narrative of the efforts made to secure similar services from other sources. Refer to the State Contracting Manual Section 5.70.

GENERAL INFORMATION

It is required by statute that State agencies advertise and bid all contracts for services over \$5,000. It is the agency's responsibility to develop and adopt contracting procedures which maximize competition and effect timely and proper contract award and execution.

The STD. 821, Contract Advertising Exemption Request, allows the Department of General Services to exempt agencies from these requirements when such action is justified.

Exemption is granted by either an approved request to be exempt from advertising in the California State Contracts Register or by an approved request to enter into a contract on a non-competitively bid basis.

Definitions of Requests:

REQUEST TO BE EXEMPT FROM ADVERTISING - A bid is going to be conducted. Request is made to be exempt from the requirement of advertising in the California State Contracts Register, which is required by Government Code Section 14827 et seq. The request is made because: (1) the exemption is necessary to preserve life or state property, or (2) there is an interest to the State that is so compelling that the agency believes an exemption is warranted.

REQUEST FOR NCB CONTRACT - Request is made to be exempt from competitive bidding because: (1) there is only one supplier that can perform the service, or (2) there is an interest to the State that is so compelling that the agency believes it warrants forgoing the competitive process per Public Contract Code Sections 10348 and 10380.

Refer to the State Contracting Manual for additional information.

Signature Instructions for Agencies with an Agency Secretary

This form requires approval by Agency Secretary or Agency Undersecretary and the department director or designee. The Agency Secretary may designate one person, in addition to Agency Undersecretary, to sign on his/her behalf, of cabinet officer level (e.g., Assistant Undersecretary, Deputy Secretary, etc., the actual title is dependent upon the Agency's organizational structure). The department director may delegate review and approval authority to his/her deputy directors and/or the Procurement and Contracting Officer. The director's designee shall send ratification notification to their director upon the designee's approval of the NCB transaction. The typed name and signature must match for both signatures.

Signature Instructions for Agencies that do not have an Agency Secretary

This form requires approval by the highest ranking executive officer or designee. The highest ranking officer may designate one person to sign on his/her behalf subject to DGS approval. The highest ranking officer may delegate review and approval authority to his/her deputy directors and/or the Procurement and Contracting Officer. The designee shall send ratification notification to their highest ranking executive officer upon their approval of the NCB. The typed name and signature must match.

Complete responses must be provided for all of the following items.

A. THE GOOD/SERVICE REQUESTED IS RESTRICTED TO ONE SUPPLIER FOR THE REASONS STATED BELOW:

1. Why is the acquisition restricted to this good/service/supplier?

(Explain why the acquisition cannot be competitively bid. Explain if this is an emergency purchase or how the supplier is the only source for the acquisition and reference the PCC that applies, i.e., 12102, 10301/10302, or 10340.)

The California Mechanical Code (CMC) and California Plumbing Code (CPC) are based on two model building codes, the Uniform Mechanical Code (UMC) and the Uniform Plumbing Code (UPC) respectively. The California codes include both provisions of the model codes and amendments to those codes adopted by California.

IAPMO owns the copyrights to these model codes; therefore, IAPMO must be the publisher of the CMC and CPC if they are each going to contain model code provisions and California's amendments to the model codes. If IAPMO is not the publisher, California's amendments to the UMC and UPC could not be published with the provisions of the UMC and UPC adopted by California.

2. Provide the background of events leading to this acquisition.

Throughout most of the 1980s, California published only the amendments it made to the model building codes, using the Office of State Publishing as the publisher. The building industry did not like having to refer back-and-forth between model code books and books containing California's amendments to the model codes. Therefore, in 1989, publication agreements were entered into, pursuant to Health and Safety Code Section 18928.1, so that California's amendments could be published with the model codes they amended.

3. Describe the uniqueness of the acquisition (why was the good/service/supplier chosen?)

IAPMO owns the copyrights to the model building codes upon which the CMC and CPC are based. Therefore, IAPMO must be the publisher of these California building codes if they are each going to contain model code provisions and California's amendments to the model codes.

4. What are the consequences of not purchasing the good/service or contracting with the proposed supplier?

If the commission does not contract with IAPMO to publish the CMC and CPC, it will not be able to have the model codes adopted by California published with California's amendments to those model codes. The publishing situation will return to that which existed in the 1980s where California's amendments to the model codes were not published with the model codes they amended. This was something the building industry found problematic.

5. What market research was conducted to substantiate no competition, including evaluation of other items considered?

IAPMO owns the copyrights to the model building codes upon which the CMC and CPC are based. Therefore, IAPMO must be the publisher of the CMC and CPC, if they are each going to contain model code provisions and California's amendments to the model codes. If the commission does not contract with IAPMO, it will not be able to have the model codes adopted by California published with California's amendments to these model codes. The building industry found the latter to be unworkable.

B. PRICE ANALYSIS

- 1. How was the price offered determined to be fair and reasonable?**
(Explain what the basis was for comparison and include cost analyses as applicable.)

There is no cost involved in this contract. The publisher recoups its publication costs in sales of the codes.

- 2. Describe any cost savings realized or costs avoided by acquiring the goods/services from this supplier**

There is no cost involved in this contract. The publisher recoups its publication costs in sales of the codes.

Non-Competitively Bid (NCB) Contract Justification Corrective Action Plan

This section must be completed for any NCB that could have been competitively bid but was not due to insufficient time to complete the competitive acquisition process. This does not apply to emergency procurements in accordance with PCC Sections 10302, 10340(b)(1) and 12102(a)(2).

Complete responses must be provided for all of the following questions:

- 1. Why is the submission of a NCB necessary and what are the determining factors that caused the problem?**
Explain why your department has not conducted a competitive bid. Provide the background of events (timeline) leading to the submission of this NCB. Identify any critical time delays or issues that prevented your department from completing this acquisition using a competitive process (i.e., budget, approvals, and/or appropriate analysis).

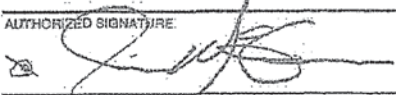

- 2. What are the consequences of not having this NCB approved?**
Describe in detail the impact to the department and to the program(s) if the NCB is not approved.

- 3. How will your department ensure adequate planning to prevent submittal of NCB's for goods or services that should have been competitively bid?**
Provide a detailed plan of your department's efforts to improve your acquisition planning to maximize the use of competition to meet your needs. This plan must include how the department will provide for a tracking system to ensure timely review of upcoming requirements. Departments acknowledge that submission of a corrective action plan is the basis for how the department will provide for sufficient time to use competition in the acquisition process. Failure to follow the Corrective Action Plan may result in the loss of your department's delegated procurement authority. This plan must be kept on file for future auditing purposes.

CONTRACT ADVERTISING EXEMPTION REQUEST
(IN CALIFORNIA STATE CONTRACTS REGISTER)

STD. 821 (REV. 10/2005) REVERSE

INSTRUCTIONS

An exemption from advertising in the California State Contracts Register is not an exemption from Disabled Veteran Business Enterprise (DVBE) participation goal attainment.

1. Submit the original and one copy of the completed form and all supporting documents to the Department of General Services, Procurement Division for review and action. (Attach completed, NCB Contract Justification form as applicable.)
2. All applicable elements of the Justification form must be completed or the request may be denied.
3. Do not provide the name and address of the proposed contractor unless the request is to enter into a contract on a non-competitively bid basis.
4. All requests must include comprehensive justification.
5. Non-competitively bid contract justifications must include a narrative of the efforts made to secure similar services from other sources. Refer to the State Contracting Manual Section 5.70.

GENERAL INFORMATION

It is required by statute that State agencies advertise and bid all contracts for services over \$5,000. It is the agency's responsibility to develop and adopt contracting procedures which maximize competition and effect timely and proper contract award and execution.

The STD. 821, Contract Advertising Exemption Request, allows the Department of General Services to exempt agencies from these requirements when such action is justified.

Exemption is granted by either an approved request to be exempt from advertising in the California State Contracts Register or by an approved request to enter into a contract on a non-competitively bid basis.

Definitions of Requests:

REQUEST TO BE EXEMPT FROM ADVERTISING - A bid is going to be conducted. Request is made to be exempt from the requirement of advertising in the California State Contracts Register, which is required by Government Code Section 14827 et seq. The request is made because: (1) the exemption is necessary to preserve life or state property, or (2) there is an interest to the State that is so compelling that the agency believes an exemption is warranted.

REQUEST FOR NCB CONTRACT - Request is made to be exempt from competitive bidding because: (1) there is only one supplier that can perform the service, or (2) there is an interest to the State that is so compelling that the agency believes it warrants forgoing the competitive process per Public Contract Code Sections 10348 and 10380.

Refer to the State Contracting Manual for additional information.

MEMORANDUM

Date: May 18, 2015

To: DGS - OBAS
707 3rd Street
West Sacramento, CA 95605

From: Katrina Benny, Staff Services Manager I
Building Standards Commission

Subject: **Certification Requirement – NCB, IAPMO**

I certify that this purchase is vital and mission critical for the Building Standards Commission.

The California Mechanical Code (CMC) and California Plumbing Code (CPC) are based on two model building codes, the Uniform Mechanical Code (UMC) and the Uniform Plumbing Code (UPC) respectively. The California codes include both provisions of the model codes and amendments to those codes adopted by California.

IAPMO owns the copyrights to these model codes; therefore, IAPMO must be the publisher of the CMC and CPC if they are each going to contain model code provisions and California's amendments to the model codes. If IAPMO is not the publisher, California's amendments to the UMC and UPC could not be published with the provisions of the UMC and UPC adopted by California.
