

Plaintiff, a District of Columbia resident, has sued eight individuals who also reside in the District of Columbia. *See* Compl. Caption. Plaintiff complains about mold in her public housing unit and seeks \$500,000 in money damages. The complaint's allegations do not present a federal question, and the case cannot proceed under the diversity statute because plaintiff and the defendants share the same citizenship. Hence, this case will be dismissed. A separate order accompanies this Memorandum Opinion.

Date: June 23, 2017
