ORDER

This matter is before the Court for consideration of *pro se* Plaintiff's Motion for Electronic Filing (Doc. 8), in which Plaintiff requests permission to electronically file and to respond to opposing parties using the Court's CM/ECF system.

As a preliminary matter, the Court notes that the district judge recently entered an order to show cause why this case should not be transferred to the Tampa Division. (Doc. 12). Consequently, in light of the pending order to show cause, and this Court's Administrative Procedures for Electronic Filing which state that a *pro se* litigant is not permitted to file electronically, absent authorization by the Court, Plaintiff's motion (Doc. 8) is due to be **DENIED** without prejudice at this time. Plaintiff may renew his request once it is resolved whether the case will remain in this division or whether it will be transferred to the Tampa Division.

DONE and **ORDERED** in Ocala, Florida on February 27, 2017.

PHILIP R. LAMMENS
