

**IN THE UNITED STATES DISTRICT COURT  
MIDDLE DISTRICT OF FLORIDA  
TAMPA DIVISION**

KLEIN & HEUCHAN, INC.,

Plaintiff,

v.

COSTAR REALTY INFORMATION, INC.,  
and COSTAR GROUP, INC,

Defendants.

Civil Action No. 8:08-cv-01227-JSM-MSS

**DECLARATION OF ROBERT LARDIZABAL**

I, Robert Lardizabal, declare as follows:

1. My name is Robert Lardizabal. I am employed by CoStar Group, Inc. ("CoStar") as Technical Manager in CoStar's Product Development department. As a result of the responsibilities of my position at CoStar, I am extremely familiar with CoStar's database products, their functionality, and the data recorded by CoStar during use of those products. The statements in this declaration are based upon personal knowledge and I would testify to such statements under oath if called upon as a witness.

2. CoStar's database products are offered through an interface that users can access through CoStar's website, [www.costar.com](http://www.costar.com). In order to gain access to CoStar's products, users must enter their user names and passwords. For additional security, CoStar provides users with an electronic certificate that acts to limit use of each user's account to the single computer that downloads the certificate. For those users who do not want to be limited to a single computer, CoStar will offer them the ability to log in using a secure access device (known as a "DigiPass")

or key token) that requires entry of a number generated by the secure access device at the time the user logs in to CoStar.

3. CoStar's database servers maintain detailed records of each user's access to CoStar's products in the ordinary course of CoStar's business operations. Among a number of other things, CoStar records the Internet address (the Internet Protocol or "IP address") from which the user is accessing CoStar, the time and date of the user's access, the number of pages the user has been served by CoStar's servers, and related data. In addition, CoStar records the identities of the specific property records that the user has retrieved from CoStar's database. In other words, CoStar's database records can determine which properties a user has looked at.

4. When CoStar users call up property records from CoStar's database, they are actually sending a request through the Internet for a copy of that property records to be displayed on their computer. CoStar sends the user's computer the digital information necessary to create a copy of the text and photograph on the user's own computer and display it on the user's screen in the format designated by CoStar. The copy of the property photograph created by the user's computer is stored in the computer's temporary memory, or, if the user desires, can be stored in the computer's permanent memory if the user saves the photograph to that permanent memory (such as by right-clicking the photographing and selecting "Save Picture As").

5. CoStar's property records are designated by a unique property identification number. These property identification numbers can then be used to look up the specific commercial real estate properties in CoStar's database.

6. Attached to this declaration as Exhibit A is a true and accurate copy of a report prepared from CoStar's database with respect to the user account assigned to Scott Bell. This report shows specific property identification numbers that Scott Bell retrieved from CoStar's

database from January 2007 through May 2008. In this report, the property identification number is designated by the "EntityID" column. The other columns represent information concerning the CoStar product accessed, the type of property being retrieved, and the time the user retrieved the property. Certain of the EntityIDs are highlighted in light gray for identification purposes below.

7. The second to last column of Exhibit A, UserID, refers to Scott Bell's UserID, 313614. That number is an internal number assigned by CoStar to identify users. I have attached as Exhibit B a true and accurate copy of a record from CoStar's internal contact management database showing that the internal UserID assigned to Scott Bell is 313614.

8. I have attached as Exhibit C a true and correct copy of screen captures of CoStar's internal database record concerning the properties identified on Exhibit A according to the following Entity IDs:

Entity ID	Property Address
606649	4211 W. Boy Scout Blvd., Tampa, FL
380093	2202 N. West Shore Blvd, Tampa, FL
382023	15950 Bay Vista Dr., Clearwater, FL
380236	600 N. Westshore Blvd., Tampa FL
380110	4301 Anchor Plaza Pkwy., Tampa FL
389880	4343 Anchor Plaza Pkwy., Tampa FL
1332181	1930 W. Cortez Rd., Bradenton FL

The property ID of each property is visible on the upper right portion of each record.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 25 September Bethesda, Maryland.

A handwritten signature in cursive script, appearing to read "Robert Lardizabal", is written over a horizontal line. The signature is fluid and somewhat stylized, with a long, sweeping tail that extends downwards and to the right.

Robert Lardizabal
